The psychic being works with perseverance and ardor for the union to be made an accomplished fact, but it never complains and knows how to wait for the hour of realization to come.

The Mother
Mother: Shall we translate this? (Mother translates into French the “prayer of the cells in the body”)

Now that by the effect of the Grace we are slowly emerging out of inconscience and waking up to a conscious life, an ardent prayer rises in us for more light, more consciousness:

“O Supreme Lord of the Universe, we implore Thee, give us the strength and the beauty, the harmonious perfection needed to be Thy divine instruments upon earth.”

So?

Aren’t you convinced?

Why don’t you try?

Satprem: But I do! That’s why I asked you the question. I am not doubting anything. I asked you how it’s done, that’s what I don’t see.... For instance, I shave every morning. Well, in the morning you are dazed, tired, the mind doesn’t work, the vital doesn’t work....

Mother: Yes, it’s an excellent opportunity.

Satprem: Well, yes, so that’s what I do! But I tell you, I just don’t see, I don’t. I don’t know how it can be stirred – it doesn’t stir.... It doesn’t stir unless I apply the mind or the vital or the heart.

Mother: Bah!

Satprem: It’s not that I doubt! I say that my body is a donkey, quite possibly, but I don’t doubt.

Mother: It’s not a donkey, poor thing! (Mother laughs)

Satprem: Doubt there isn’t. But there is a question on the “how,” that’s what I don’t know.

Mother: That problem never arose for me, because... When you do music or when you do painting, you very clearly notice how the consciousness permeates the cells and those cells become conscious. This experience, for instance: there are objects in a box, and you say to your hand, “Take twelve of them.” The hand goes like this, without your bothering about it, and it finds the twelve (without counting, just like that), it takes the twelve and gives them to you. That’s an experience I had long ago; when I was twenty I began with experiences of that kind. So I know, I knew how the consciousness works. You understand, it’s impossible to learn the piano or painting without the consciousness coming into the hands, and the hands become conscious INDEPENDENTLY of the brain – the brain may be busy elsewhere, it doesn’t matter in the least. Besides, that’s what happens in those people who are called “sleep-walkers”: they have a consciousness belonging to their body, which makes them move about and do things quite independently of the mind and the vital.

Satprem: I mean that when I am shaving in front of the mirror, if within myself I don’t apply the mantra or an aspiration from the heart, well, it’s an inert chunk shaving, and in addition the physical mind keeps running. But if I apply a mantra or a mental will ...

Mother: No! It’s THE BODY that ends up saying the mantra spontaneously! So spontaneously that even if you happen to be thinking of something else, your body will be saying the mantra. Don’t you have that experience?

Satprem: No.

Mother: And it’s the body that aspires, the body that says the mantra, the body that wants the light, the body that wants the consciousness – you yourself may be thinking of something else, Tom, Dick or Harry or a book or anything, it doesn’t matter.

But now I understand, I understand very well! In the beginning I didn’t, I thought I had been made supposedly very ill in order to stop the life I led downstairs (Since the “illness” of 1962, Mother has not left her rooms upstairs.) – the life I now lead is far more busy than the one I led downstairs, so... I wondered why, whether it was a transitional phase. But now I understand: cut off – I would keep fainting. What made the doctor declare that I was ill is that I couldn’t take a step without fainting: if I wanted to walk from here to there, puff! I would faint on the way; I had to be held up so my body wouldn’t drop to the ground. So the doctor’s decision: to bed and no moving. But as for me, not for one minute did I lose consciousness! I would faint but remain conscious, I would see my body and know I had fainted; I didn’t lose consciousness, the body didn’t lose consciousness. So now I understand! The body was cut off from the vital and the mind and left to its own means; and then little by little, little by little...

I remember, for instance, all that the doctors do: they give you vitamins, this and that. All right. So as soon as I had taken those vitamins, I saw that sort of physical mind start stirring and stirring and stirring: “Vitamins,” I said, “I don’t want them, they cause excitement in the brain.” Then they changed and gave me something some other time, and that was good. And all that, all of it was simply THE BODY: all that it knew, all the experiences it had had, all the mastery from all the parts of the being, from the vital to the mind and above, all of that was gone! And this poor body was left to itself. Then, naturally, little by little something was rebuilt. For a long time I remained unable... unable to do hardly anything (a little something, but hardly anything), but little by little it all was rebuilt, increasingly rebuilt: a conscious, purely conscious being – which is now chattering away! (It was unable to express itself.)

L’AVENIR D’AUROVILLE / ATDC TAKES A STAND

We were invited by GM Facilitators – Elisa, Jesse and Julia – to participate in the GM to be held on the 20th, titled ‘How Can we Manifest the Crown Corridor together harmoniously?’.

We’re thankful for the invite and appreciate the enthusiasm. We are confident that the GM will bring forth some clarity to all and will give space to individuals to speak.

As for L’Avenir d’Auroville / ATDC stands, we have communicated to them that we’re still in the process of surveying the crown circle, and we shall engage the community once it is done.

Here’s our response regarding your Three Topics:

1. What is TDC´s and WCom´s proposed plan and timeline with regards to the Crown Corridor?

The work that we’re doing at present is not a newly proposed plan. Of course, everyone in the community knows and uses the patches of the existing crown and longing to see it finished. This is based on the community-approved Master Plan of 1999, which was subsequently gazetted by GOI in 2010. Auroville as a community has been working on the Crown since 2008 and we have received and utilized donations and other grants on this project for more than a decade. At best, the current ATDC proposes to finish the long-pending Crown at the earliest.

We acknowledge there have been three major impediments to the completion of the crown:

a. Concerns related to the existing structures and some valuable trees
b. Concerns regarding mobility
c. Privately owned lands

At present, we are trying to do the following to assuage these concerns:

a. Proper survey to recognize and reconcile with the ground realities. This is ongoing and an important factor to know and understand before discussing further and to avoid phantom issues.
b. We believe everyone in the community shares the concerns related to mobility. Moreover, the Mother herself envisaged slow-moving (15km/h) electric vehicles, sans any noise or pollution, and public transportation. We’re working on a mobility plan which can be launched in a phase-wise, realistic manner. We’re thinking about restricted or alternate access to heavy vehicles. We request the interested and qualified community members to participate in this deliberation.
c. Once we demonstrate that we’re serious about the Crown on the Auroville-owned lands, we can persuade the external parties. We need to pave the way and stand as an example. No pun intended.

2. What is an update on the surveys of Bliss Forest, Centre Field, Darkali, and the Youth Centre?

As mentioned earlier, the survey is not yet complete. We’ve met these communities on-site and are very thankful to them for being open-minded and forthcoming to the idea of the survey. After the survey, we shall discuss with them again and find solutions for their concerns. We shall update the community at large in due course.

3. How will the wider community be included?

At present, we are planning a slew of workshops to discuss the Crown elements. We encourage you to participate in the community engagements conducted by ATDC and voice your opinions and suggestions.

Amazingly, the community has grown up and stands together at the prospect of building the city. We are all working towards a unified goal, only different words, and understanding. We are conscious people who have joined with the community with awareness.

We request the community to work with us and contribute constructively.

Anbu, Elaine, Lakshay, Saravanan, Sreevatsa, Toby & Vidhya, ATDC

DEAR TOWN HALL USERS

The Town Hall Space allocation team would like to keep you informed about the changes taking place in the spaces allocated in the Town Hall. Sorry for the late info! Here below a sequence of time-line of communication and progress events in regard to this.

On Wednesday 21st July’21

The Auroville Town Development Council /ATDC sent a request to FAMC/BCC and PCG to use the full second floor of the Townhall. It was copied to the WCom and Townhall Space allocation team.

On Friday 24th July’21

The FAMC and BCC had a meeting with the ATDC team and all together they found a common ground. In principle, FAMC/BCC have expressed their openness to move as soon as an appropriate new space would be found.

The idea was shared, that the approval from FAMC to the earlier wish of Radio to move to the 2nd floor of the Archive building would be the best solution, and then to explore together with Radio and Outreach Media what help would be needed also in regard to funds needed. FAMC informed both of them about this. The idea was to relocate the Radio, dismantle the separation wall between Radio and Housing Service and share the full area between FAMC/BCC and Housing Service.

On Saturday 25th July’21

The Townhall Space allocation team was informed about this proposal and agreed to support this.

In the meantime, the big open space on the 2nd floor of the Town Hall building was freed in case the ATDC would need it immediately. The ACUR office table was moved from the second floor to the first floor which was used by the Residents’ Assembly Service (RAS) earlier. BCC extra tables were removed from the open space.

Meanwhile the Housing Service was informed (Ole, Alexey, Venkatesh, and Savithri) about this proposal.

On 5th August

Information from Fabienne (Outreach Media) was shared with us regarding the moving of Radio to the Archives building. It is a priority to move the Radio, which seems the most urgent to reallocate, which includes all the technical parts: Internet, UPS, Generator etc. Sound wizard has already seen the place and given a quotation. Fabienne will be back on Sept 3rd to take it further. However, the work will take some time.

On Saturday 14th August’21

In a WhatsApp call with 3 members of the Space Allocation team, Stefano was asked whether there was any possibility for the Radio to move soon. He clarified that it is not possible to move any part of the Radio furniture separately, but that the studio has to be built first in the Archives building. He expects the funding will be available soon, and he hopes the FAMC will give the green light very soon. The soonest he expects to be able to move is by the end of this year. We received notice from Stefano that he will return to Auroville on Thursday 19th Aug’21.

We’ll keep you updated with further information on this as things progress.

Warm regards,
The Space allocation team

Inge (BCC), Ganesh (Council), Bharathy (Net admin) and Annemarie, Donata, Laxmanan (ACUR team)

AUROVILLE MATTERS

BROADCASTS FROM MATRIMANDIR

Auroville is aspirational. It is an inspiring attempt to find human unity while honoring the Divine and the diversity of human experience. And the symbolic, geographic, and vibrational center of Auroville is the Park of Unity. The Banyan tree, the Matrimandir, the Amphitheater, and the Matrimandir Gardens all hold space for the heart of the aspiration that is Auroville.

Beginning this Sunday, August 22nd, we invite you to join us for weekly livestream meditations from the Park of Unity. Each week we will explore a different aspect of the Park, taking in the sights, sounds, and energy together.

Every Week at:
- 6:00 pm India
- 8:30 am New York
- 5:30 am Los Angeles
- 1:30 pm London
- 10:30 pm Sydney

Matrimandir is the soul of Auroville, a place of silence and beauty that exemplifies the birth of the new. The Mother said that, “Matrimandir is here to teach people that it is not by escaping from the world while ignoring it, that they will realize the Divine in life.” It represents the possibility of a spiritual life lived not in a cave or on a mountaintop but in commerce and friendship and co-creation.

In 1969, when discussing the gardens, the Mother indicated that they would have to be of such quality and beauty that people visiting them would experience, physically and concretely, the significance of each garden, which she named as Existence, Consciousness, Bliss, Light, Life, Power, Wealth, Utility, Progress, Youth, Harmony, Perfection.

SWADHARMA PRESENTS

Our deep gratitude to everyone who was present to bear witness to the journeys of our 17 seekers at the Swadharma 9.0 Final Presentations. Swadharma is a five-week intense learning journey to help young seekers of the world discover their true calling. After witnessing 8 powerful & transformative cohorts of Swadharma in Auroville, this time we were challenged to take the course online.

We are now thrilled to be sharing with you a mini-documentary of Swadharma 9.0 which was concluded on August 7th, 2021. This was a collaborative effort between the Swadharma alumni and the participants.

This short film tells the story of the intimate & transformative journey that the participants undertook over the course of 5-weeks and showcases the power of technology & the online environment to facilitate this process.

It truly is remarkable how the online space can dissolve barriers of physical distance and create a space of closeness that we like to call the “Soul Space”. The seekers transform themselves in the context of their own lives and begin to follow their true callings through grounded action while engaging intensely with life.

SKETCHING MY WAY HOME

Lisa Suchanek’s exhibition of monochrome ink sketches is a glimpse into Lisa’s process of self-discovery through painting. She explores topics such as the central nervous system, setting clear intentions, setting healthy boundaries, self and co-regulation, self-compassion, self-humour, humility and stillness.

In her art practice she focuses on noticing (sometimes elegantly, sometimes clumsily) the experience of being at home in herself. Pausing to make marks on paper, to create textures with paint, to explore ideas with brush strokes, has the power to be a microcosm of our psychological and physical patterns.

Lisa uses sketching as a subtle practice of slowly expanding the space between her thoughts, feelings, sensations and the way she reacts to them. For her, art is a way to befriend and transform her body in movement and her mind through active listening. Instead of trying to forcefully transcend her messy human ness, she wishes to embrace it and playfully lean into transformation.

Lisa Suchanek is an artist who grew up in Auroville amongst the trees, the red dirt and Windows 95. In the Netherlands, she received a BA in Liberal Arts and Sciences as well as an MA in Media Studies where she specialised in sound. Although her focus on media, philosophy and art seemed to fit her well, she felt something was missing. The last two years she has been curiously inquiring inwardly and outwardly into various body centred healing practices and psychological theories that embrace inner multiplicity. She gradually began to apply these modalities to her painting as a practice of embodiment, of unlearning, of self-discovery and healing. She intends to approach her life with a beginner’s mind and an open heart.

SURRENDER IN SAVITRI

Monday, 30 August 2021, 4pm
at Savitri Bhavan
Duration: 63min

Jamshed Mavalwalla examines the topic of Surrender in SAVITRI and other works of Sri Aurobindo and the Mother, the role and workings of the psychic and the importance of the Divine Mother’s Force.

He discusses human surrender, Aswapati’s surrender, Savitri’s surrender and the Supreme Lord’s decision to make Savitri an instrument of His work.

Surrender is giving oneself to the Divine Mother, offering everything one has or is to the Divine Shakti – all one’s actions, works, ambitions, and feelings.

There is a correlation between surrendering to the Divine Mother and realising one’s psychic being. In Letters on Yoga, Sri Aurobindo writes: “When the psychic awakes, it can bring a sudden und true surrender of the whole being…” and “…No complete surrender is possible without the psychic opening.”

In SAVITRI, Aswapati’s surrender is mentioned for the first time in Book Two, Canto 14, The World Soul where, in response to his heart’s yearning, Aswapati is granted a darshan of the Divine Mother.

Overwhelmed by the irresistible light and bliss… “And the self-giving of his silent heart. / He fell down at her feet unconscious, prone.” (p.296). Then, in The Book of the Divine Mother Sri Aurobindo describes how Aswapati offers his heart as a living sacrifice for the great work of transformation.

“His living, sacrificed and offered heart / Absorbed in adoration mystical, / Turned to its far-off fount of light and love.” (p.332). The result of such surrender is infinite in potency because it is in God’s hands. The strength of surrender is limited only by the Divine Will which knows what is best for the world and for each living being inhabiting it.

The characteristic of Savitri’s surrender is described in the very beginning of the poem: “A wide self-giving was her native act…” (p. 15). Then, in The Book of Yoga describing her quest for her soul we read that Savitri goes deep within herself into the secret cave that is the home of her soul. She realizes that her soul and all the different centers of her consciousness have been transformed. Savitri is completely ruled by her soul or psychic being. She has surrendered herself into the hands of the great World-Mother and follows only Her supreme Will.

In her further journey and communication with the Supreme, Savitri asks for boons to help humanity, “Thy peace, O Lord, a boon within to keep /…They calm, O Lord, that bears thy hands of joy. /…Thy oneness…Thy energy…” and… “Thy sweetness give to me for earth and men.” (p.696-697)

And the Supreme Lord answers, “All thou hast asked I give to earth and men.” He says that Savitri’s will is one with the Will of the Supreme, and that the Supreme will work through Savitri as his instrument: “…I bind by thy heart’s passion thy heart to mine… / …And lay my splendid yoke upon thy soul. / Now will I do in thee my marvelous works.” (p.698)

The weather is changing and has a direct effect on the body and the mind. Both have to adjust while passing from one season to the next. It is called Rtusandhi in Ayurveda (the junction of two seasons, where the body is more vulnerable and likely to experience imbalances, discomfort or symptoms).

During the summer, the body struggles to keep its inner temperature to a cool 35-36°C when outside temperature can rise well above. Now that the peak heat of the summer is over, thanks to the summer rains that cool down the atmosphere, we notice that days are warm, almost hot but nights can be slightly chilly, especially while sleeping. This is when a bit of humidity and coolness in the air bring loss of appetite, bloating, coughing, mucus, feverish state. Pitta ferments and shows signs of acidity, sourness or strong/foul smell in the body and some kind of bitterness, impatience, frustration, anger in the mind. Vata gets cold and makes the joints more painful, the digestion and bowel movements more irregular, and the mind might be imbibed with anxious thoughts, worries, and lack of concentration.

How to help body and mind with the food
• Eat only when hungry and the appropriate amount (both hands joined together is the size of the stomach)
• Take a warm, cooked meal with any spices to improve digestion (all spices are good apart from red powder-chilli powder).
• Eat green leafy vegetables, take light dishes made with mung dal, vegetable soups... all pulses and dal are good when cooked with enough spices.
• For non-vegetarian, eat white meat or small fishes.
• Drink warm water all day long (especially when there’s a sore throat)
• Dinner should be light and taken 2 hours before going to bed
• Give energy to the body with cereals and grains such as: amaranth, barley, cooked oats, granola, millets (varagu, ragi, kambu), rice
• Honey is the best sweetener
• Ghee used for cooking and Sesame and Olive oils for dressings
• Chew some neem leaves

Some immunity enhancers:
• Giloy/Guduchi (Tinospora cordifolia), a very good immune regulator; 1tsp of powder morning and evening in warm water
• Amalaki (amla): full of vitamin C; consumed fresh if available or in powder
• Turmeric: Anti-inflammatory, can be used for gargling with warm water and a pinch of salt
• Tulsi (Ocimum tenuiflorum/sauctum): for the lungs, fresh leaves in warm water
• Ashwagandha (Whitania somnifera): immune regulator and calming the nervous system; 1tsp morning and evening in milk or warm water
• Saffron, aloe vera, licorice
• Chyavanprash Avaleha: 1 tsp in the morning with breakfast
• In the activities, help Pitta and Vata to be centred and grounded:
  • Keep warm, take warm showers, cover your neck from chilled breeze
  • Yoga, Pranayama, Meditation, observing the breathing movements in the abdomen, Yoga Nidra, Body Awareness, Qi-Gong, Tai Chi…
  • Regular exercise, 30 minutes daily
  • Gardening, cultivating, weeding, cooking
  • Oil pulling with 1 Tbsp of sesame or coconut oil, keep in the mouth as long as you want then spit it out and rinse the mouth with warm water (can be done early morning or at bedtime after brushing the teeth)
  • Nasya: pour 2 drops of sesame oil or Anu Tailam in each nostril
  • Fragrances: sandalwood, rose, jasmine

Let’s all be well and healthy. Be at Santé Clinic

AVC REPORT MAY JUNE AND JULY 2021

As we celebrate the 150th birth anniversary of Sri Aurobindo let us surrender all our differences to Her and aspire for the collaborative and collective spirit.

Community at Large members for Housing Board

The Auroville Council with the FAMC made an announcement to the community for the community at-large members for the Housing Board. In accordance with the revised Housing Mandate (https://auroville.org.in/article/84487), five community-at-large members have to be selected. 17 Aurovilians wrote to the Council expressing their interest. The final selection was done by the FAMC.

Land Board Selection Committee & the selection of new Land Board members.

In mid May the Land Board Selection process (LBSC) was initiated by the Council together with the Working Committee. RAS live streamed via zoom the selection of the community-at-large nominees for LBSC. This selection committee is composed of one representative from each of the four working groups (AVC, FAMC, TDC & WCOM), four community at-large members & one out-going member from the Land Board. An issue arose internally in the groups whereby after much consultation with all the concerned parties the Council recommended the replacement of the representatives from the FAMC and the ATDC, which was accepted.

Presently the feedback received is being reviewed by the committee & some candidates are being interviewed. Soon the results will be announced to the community.

Selection of new Matrimandir Executives

At the end of June, the Matrimandir executives reminded the Council that their term of office was ending on 1st of August and that there was urgency in selecting a full team of new executives. Three from the previous seven executives had already stepped down and one out of the remaining four expressed the wish to step down without delay although the new executive team had not been selected yet. It was agreed by the Council together with the Wcom that a selection process similar to 2017 would be used. But the process got delayed as the FAMC expressed its wish to partake in the selection process as the new executives are to be selected which for FAMC falls under its mandated work. There are discussions & correspondence exchanges regarding this and soon some conclusion will be reached to announce the call for nomination.

Auroville’s Growth

After requesting information on the follow up to this topic from ATDC the Council was informed by Housing Board that members form FAMC, ATDC, Entry and Housing met on the topic of growth on 21st July and the notes were shared. The Council together with the Entry and the sub group will bring this topic to the community through a GM at a later stage in order to work on the way forward collectively.

Inquiry Task Force

The Inquiry task force that was appointed by Council and WCom jointly to look into the tampering of the ballot boxes at the last selection process 2021, has come up with a report of their findings. Please find it via this link (https://auroville.org.in/article/85852) The Council takes this opportunity to thank the team who have given their time to this sensitive topic and for having come up with an extensive report. The work of the ITF is complete and the team has dissolved.

Meeting with the New Secretary

On 14 July, the Council met with the new AVF Secretary, Mrs. Jayanti Ravi to welcome her. After the brief introduction a lot of the discussion was concerning the Auroville Organizations & it’s working, as well as a general exchange on conflict resolution. Her inclination to understand, her willingness to share her experiences & knowledge, and her friendliness were all much appreciated.

Reviewing & revisiting the processes

• RA Decision making process

After the pause by RAS of all activities in relation to collective decision-making, the members from Wcom, AVC and RAS have prepared amendments for an interim RAD after incorporating the feedback received earlier from the community. The final version of the interim RAD document was published to the community for feedback on 3rd August (https://auroville.org.in/article/85727).

Efforts have also started to collectively work on an entirely new way to make Community wide decisions.

• Selection Process 2021

There is a general sense amongst the AVC and Wcom that the last process was a successful process in regard to the number of participants. To start with, the same model of the last selection process will be taken as a base of a review. AVC met with RAS in June who shared their observations and suggested amendments to the PWG 2020 documents. The Council is now looking into reviewing the Selection Process and soon a task force including members of the community will be formed.

• Appeal Process

This process was set up in 2017 to “create a framework to meaningfully address occasionally occurring serious dissatisfactions of individuals with working group decisions.” So far, 20 appeals have been raised by individuals/groups. To review this process, the Auroville Council has reached out to the community for their feedback in July through massmail. Simultaneously the feedback from the facilitators & arbiters who have been directly involved in appeals was requested. The task force will be reviewing the document based on the feedback from the different sources.

Due Diligence

Regarding dismissing an Aurovilian from the workplace, a sub group constituted by members of FAMC, AVC and Koodam are working on a document that will help executives and managers to follow a just and fair process for all involved. The Sub-group is interacting & receiving feedback from the different concerned groups and various individuals with related experience. This work and the document will soon be presented to the community for feedback.
Social Hub

The previous Council together with Koodam, representatives from Matram, AVCP, AVSS, AVHS and Sante had developed the concept of a Social Hub.

The Social Hub is intended to create a dedicated service that can hold challenging cases and ensure continuity – as Working Group members rotate every few years – and to allow Council and other Working Groups to focus more on their other mandated responsibilities.

This is a preliminary purpose and concept of the Social Hub.

The Social Service Hub wants to enable the growth of a compassionate community by connecting health care and social work practitioners as well as other relevant community resources with community members in need of support. The AV Social Services’ role is to support relevant practitioners, Working Groups, and other concerned community members, by coordinating challenging situations, including those where community members require psychological and emotional support, face challenging family situations and/or various types of violence, abuse, and addictions.

Council will convene soon a meeting of the concerned groups to move things forward.

Communication with Residents

During the 3 months Council has approached the community through N&N and Auronet with calls for communication and feedback.

- Feedback and suggestions on the review of the RA Decision-making after RAS paused all RADs and asked for amendments on the actual process.
- Call for 5 new members for Housing Board and for 5 new members for the Land Board.
- Selection and announcement of the 5 Aurovilians for Design Evaluation Panel for Matrimandir.
- Invitation for Resource persons for subgroups when being formed.
- Call to study the organization of Auroville and a proposal for an open forum with the purpose of harmonizing our internal structure and see how we as a community would like to engage this.
- Reminder for the community with proposals, requests and remarks to openly communicate with the Council.

The AVC noticed that there is little feedback coming from the community towards new organizations and developing better channels of communication is needed.

Appeal, arbitration & mediation

ACUR Appeal: This appeal is against FAMC’s decision in regard to the application for registering a unit for the canteen at town hall. The facilitated meeting between both the parties has taken place. The arbiters are appointed & the process is going on.

African Pavilion Appeal: This appeal is against a decision of the Council. The facilitated meeting has taken place and the appeal is ongoing. Usually it is the AVC that acts as process holder. But as this appeal is against a decision of the Council, the working committee is holding the process, which means that they choose and appoint the arbiters and make sure all the steps are being followed and fulfilled.

Re-Centre Appeal: This appeal is against a decision of ATDC. This appeal has been with the Council for a year.

A facilitated meeting between the parties has taken place, after which Re-Centre re-examined their needs in terms of land requirements and came to the conclusion that they requested the continuation of the process. An appeal body has been formed. So far ATDC have not conceded to adhere to the continuation of the appeal process. Council is attempting to find the most sensible way forward for all concerned.

Appeal about apartment allocation: This is against a decision taken by FAMC regarding the allocation of the apartment in an apartment building of a community. The facilitated meeting happened but without resolving the issue. Arbiters are being approached to start with this appeal.

Arbitration regarding Sanjana:

In July the Council met with both the parties involved in the housing project, the architect & Sanjana project management team (PMT), in order to move forward with this issue. Previously the PMT were reluctant to enter into arbitration. Recently they have agreed and the scope of the arbitration is being worked on to start with the actual process.

Buddha Garden and Siddhartha Farm access dispute

A long-standing dispute regarding the entrance access for these two Auroville farms was handed over to two mediators approved by both the farms. The Council has stepped back and let these mediators work independently. In order to de-escalate the tension and to help the process the Council had used most of its accumulated excess budget from BCC to lease the neighboring plot to give access to Buddha Garden.

Joy guest house conflict

Regarding a conflict between the guest house and an Aurovilian working there, the Council after several meetings with the individual parties have drafted an MOU asking the parties to refrain from interacting with each other. The issue was taken up further by Koodam, Wcom and FAMC.

Conflicts and other issues

In the past three months the Council has been involved in addressing many conflicts. We are grateful for the support extended by Koodam, Auroville security & Auroville Child protection team (AVCP) in holding these conflicts.

Together with Matram some issues involving long-time Aurovilians are being worked on.

A long-standing issue regarding the stewardship of an asset and a general misunderstanding between parties in New Creation has been extensively addressed. The next steps towards resolution have been handed back to FAMC and Housing Board. We await their suggestions in this joint effort to find a lasting solution. This has been delayed awaiting the formation of the new HB.
