“In fifty years the whole world, all the receptive sections of humanity (I am not saying intellectual, I am saying receptive), all the receptive sections of the world will be embraced – not “embraced”: ABSORBED in the power of Sri Aurobindo’s thought. Those who already are have the good fortune of being the first ones, that’s all.”

A Defence of Indian Culture

“The Indian conception of life starts from a deeper centre and moves on less external lines to a very different objective. The peculiarity of the Indian eye of thought is that it looks through the form, looks even through the force, and searches for the spirit in things everywhere. The peculiarity of the Indian will in life is that it feels itself to be unfulfilled, not in touch with perfection, not permanently justified in any intermediate satisfaction if it has not found and does not live in the truth of the spirit. The Indian idea of the world, of Nature and of existence is not physical, but psychological and spiritual. Spirit, soul, consciousness are not only greater than inert matter and inconscient force, but they precede and originate these lesser things. All force is power or means of a secret spirit; the Force that sustains the world is a conscious Will and Nature is its machinery of executive power. Matter is the body or field of a consciousness hidden within it, the material universe a form and movement of the Spirit. Man himself is not a life and mind born of Matter and eternally subject to physical Nature, but a spirit that uses life and body. It is an understanding faith in this conception of existence, it is the attempt to live it out, it is the science and practice of this high endeavour, and it is the aspiration to break out in the end from this mind bound to life and matter into a greater spiritual consciousness that is the innermost sense of Indian culture. It is this that constitutes the much-talked-of Indian spirituality. It is evidently very remote from the dominant European idea; it is different even from the form given by Europe to the Christian conception of life. But it does not mean at all that Indian culture concedes no reality to life, follows no material or vital aims and satisfactions or cares to do nothing for our actual human existence. It cannot truly be contended that a conception of this kind can give no powerful and inspiring motive to the human effort of man. Certainly, in this view, matter, mind, life, reason, form are only powers of the spirit and valuable not for their own sake, but because of the Spirit within them. Ātmārtham, they exist for the sake of the Self, says the Upanishad, and this is certainly the Indian attitude to these things. But that does not depreciate them or deprive them of their value; on the contrary it increases a hundredfold their significance. Form and body immensely increase in importance if they are felt to be instinct with the life of the Spirit and are conceived as a support for the rhythm of its workings. And human life was in ancient Indian thought no vile and unworthy existence; it is the greatest thing known to us, it is desired, the Purana boldly says, even by the gods in heaven.
The deepening and raising of the richest or the most poten
t energies of our minds, our hearts, our life-power, our bodies are all means by which the spirit can proceed to self-discovery and the return to its own infinite freedom and power. For when mind and heart and reason heighten to their greatest lights and powers, they bring embodied life to the point where it can open to a still greater light and power beyond them; the individual mind widens into a vast universal consciousness and lifts towards a high spiritual transcendence. These are at least not sterilising and depressing ideas; they exalt the life of man and make some-thing like godhead its logical outcome.

The dignity given to human existence by the Vedantic thought and by the thought of the classical ages of Indian culture exceeded anything conceived by the Western idea of humanity. Man in the West has always been an ephemeral creature of Nature or a soul manufactured at birth by an arbitrary breath of the whimsical Creator and set under impossible conditions to get salvation, but far more likely to be thrown away into the burning refuse-heap of Hell as a hopeless failure. At best he is exalted by a reasoning mind and will and an effort to be better than God or Nature made him. Far more ennobling, in-spiring, filled with the motive-force of a great idea is the conception placed before us by Indian culture. Man in the Indian idea is a spirit veiled in the works of energy, moving to self-discovery, capable of Godhead. He is a soul that is growing through Nature to conscious self-hood; he is a divinity and an eternal existence; he is an ever-flowing wave of the God-ocean, an inextinguishable spark of the supreme Fire. Even, he is in his uttermost reality identical with the ineffable Transcendence from which he came and greater than the godheads whom he worships. The natural half-animal creature that for a while he seems to be is not at all his whole being and is not in any way his real being. His inmost reality is the divine Self or at least one dynamic eternal portion of it, and to find that and exceed his out-
ward, apparent, natural self is the greatness of which he alone of terrestrial beings is capable. He has the spiritual capacity to pass to a supreme and extraordinary pitch of manhood and that is the first aim which is proposed to him by Indian culture. Living no more in the first crude type of an undeveloped humanity to which most men still belong, na yathā prāktō janaḥ, he can even become a free perfected semi-divine man, mukta, Siddha. But he can do more; released into the cosmic consciousness, his spirit can become one with God, one self with the Spirit of the universe or rise into a Light and Vastness that transcends the universe; his nature can become one dynamic power with universal Nature or one Light with a transcendental Gnosis. To be shut up forever in his ego is not his ultimate perfection; he can become a universal soul, one with the supreme Unity, one with others, one with all beings. This is the high sense and power concealed in his humanity that he can aspire to this perfection and transcendence. And he can arrive at it through any or all of his natural powers if they will accept release, through his mind and reason and thought and their illuminations, through his heart and its unlimited power of love and sympathy, through his will and its dynamic drive towards mastery and right action, through his ethical nature and its hunger for the universal Good, through his aesthetic sense and its seekings after delight and beauty or through his inner soul and its power of absolute spiritual calm, wideness, joy and peace. "

CROWN DEVELOPMENT WORK HAS TO CONTINUE

Dear Community, this is regarding the possible Residents’ Assembly Decision “To stop all development work on the Crown until further notice from the Residents’ Assembly.”

ATDC would like to clarify that irrespective of the outcome of the Residents’ Assembly Meeting and the Residents’ Assembly Decision that might follow, the Crown development work has to continue in compliance with Sections 19(2)(c) and 17(e) of the Auroville Foundation Act, and the decisions taken by the Governing Board on 2nd Nov, 2021. Below is one of the decision points minuted by the Governing Board:

“2.8 All Master Plan deviations on the land earmarked for the Crown have to be cleared so that the circular Crown Road and related infrastructure can be built without further delay. A similar exercise shall be implemented for the twelve radials and the outer ring road, where land ownership permits.”

Furthermore, continuation of Crown development work shall be subject to the verdict of National Green Tribunal, Southern Zone, Chennai.

Sincerely, ATDC

REFLECTIONS ON THE RAM (December, 20)

Dear Community, after the RAM on the 20th of December, the Council feels the need to share a message of reflection.

As the Council, we endeavor to represent the voices of the entire community while also trying to harmonize these many voices. We are here to manifest Auroville which requires us to embody a progressive and inclusive human unity. The Mother was very adamant that “You (Aurovilians) must agree”. We cannot allow our opinions, emotions and preferences to keep us from losing sight of this simple yet most important directive of the Mother’s.

The presence of the Secretary of the Auroville Foundation was a surprise and understandably aggravated the existing polarities present in the meeting. The highly volatile emotions, which are a result of the extraordinary events over the past 4 weeks, were too new and raw for many of us to present them to the Secretary in a more measured form. It would have been best if the Secretary had been given her own meeting organised by the Working Committee.

Although the shock and emotions from recent events in the community are real and cannot be taken lightly, some of the behavior might have been avoided. On one hand there was a lack of courtesy from a large section directed toward the Secretary and on the other hand there was aggressive conduct from another section at the gathering. As a result we have received feedback from the community expressing concern regarding the disrespect displayed at the meeting.

We are reminded of the following quote by the Mother “... whatever may be the circumstances, rudeness or curt behavior is never permissible.”

We invite all Aurovilians attending any of the follow up meetings on the proposed RAD, irrespective of their stand in this matter, to help create a meeting atmosphere that is respectful and conducive to finding stepping stones for a harmonious community process.

May we all rise above our differences and recognise our true self in one another.

For unity and in Her service,
Auroville Council

REPORT OF THE FAMC
Over the Months of September, October and November 2021

Members: Amy, Angelo, Jonas, Lisa, Marc, Palani, Ranjith, Stephan

Invitee: Mr. Srinivasamurthy (Under Secretary, Office of the Secretary, Auroville Foundation)

Guest: Mr. Kalyani (Office of the Secretary, Auroville Foundation, auditor)

Secretaries: Svenja, Balaji;

FAMC Finance Secretary: Madhan

The FAMC monthly report does not include regular liaison work with other working groups unless there is a final outcome, in which case the items may be reported in the reports of the respective working groups such as the Auroville Town Development Council (ATDC), Working Committee, Housing Board, Land Board, Auroville Council or the Budget Coordination Committee (BCC).

Please bear in mind that this is a report of decisions or events of a certain period and in the meantime changes, progress, or/and collaboration might have occurred in any given subject.

1. Topics of special concern of the Auroville Foundation (AVF)
   a. Presentation to the Governing Board. On Monday October 25th, four FAMC members showed the FAMCs draft presentation for the Governing Board to the Secretary Auroville Foundation. It consisted of 4 slides, as demanded, and touched on the mission statement mentioned in the FAMC mandate; the vision for growth for the next 3-5 years; and the challenges such as how to maintain Auroville’s freedom to explore, while safeguarding this freedom and following norms such as compliance to deadlines. The presentation to the Board happened at 6pm on November 2nd in the presence of 2 FAMC members. The slide presentation was shown. The time given was so brief that we did not have the opportunity to provide context or history.
   b. Building valuations. The AVF has requested that the asset register of each unit includes a valuation of the building(s) the unit is using. Two possible valuation systems could be used: (1) the historic cost value method, if the unit has existing plans/invoices of the construction; or (2) the fair value (replacement value). At present the FAMC has decided to use the historical cost value method for non-residential buildings.
   c. Centralized accounting. The Tally Servers machine installations are expected to be completed by the end of December, and the Tally software is being purchased. The next step will be to run a pilot with one or two Trusts for three months and then implement it for the whole of Auroville from April 1st, 2022. The use of Centralized Accounting is to get the consolidated balance sheet in time. Access will be by the FAMC and AVF Accounts. Mapping of access in the Tally server and communication strategy which could include FAQ’s will be worked out by a team with some FAMC members, AVF (Mr. Srinivasamurthy), Tally persons, Mr. Prabakaran, Mr. Lyle and other programming persons.
   d. Bharat Nivas. The AVF has requested the FAMC to waive the 20% contribution payable by the guesthouses in Bharat Nivas (Atithi Griha Guesthouse and Swagatham Guesthouse) so that all guesthouse income can be used for the upkeep of Bharat Nivas, as the government grant is no longer given to Bharat Nivas to cover its running expenses. The AVF wants Bharat Nivas to be self-sufficient and to generate income by, for example, renting out the Sri Aurobindo Auditorium, having restaurants with some snacks. This is not seen as commerce. The vision of Bharat Nivas
To The Content

as a cultural and educational place can be respected and also be self-sustaining via income-generation. The FAMC decided to give a contribution waiver for the period Dec 1, 2021 – Mar 31, 2023. Bharat Nivas is requested to submit a financial plan with a vision for the campus before 1 April 2022.

e. Cashless transactions. The AVF recommends that all ‘public places’ such as the Visitors Centre, the Auroville Bakery and other high cash sectors (GH, eateries, taxi, etc.) implement cashless transactions as far as possible and use digital payments. This serves accountability and the tracing of money. The FAMC has responded that amongst Aurovilians this is not much of an issue and easily realisable, but it is more difficult to achieve for visitors and guests as Auroville does not have the legal authority to refuse cash. AV needs to find solutions to encourage the visitors to reduce cash as much as possible. This is particularly difficult as the areas around Auroville are not subject to all those restrictions.

f. Total annual budget of Auroville. As of the next financial year the AVF wants the FAMC to give a projection for the next 5 years on services, education, units and all existing and potential activities on self-sustainability and donations should be projected.

g. Internal systems of accountability. The AVF would like to ensure that proper guidance and monitoring are given to AV units on proper usage of checks, and basic accounting skills. The FAMC is identifying units that need help with accounting norms and operations.

h. Government of India (GOI) Grant status. For the present financial year, the AVF has received 1. 2 crore. The Public Finance Management System (PFMS) guidelines are to be filled before disbursement. The AVF is working on this. In the meantime, Auroville must advance the funds for the Govt grant beneficiaries to finish proposed projects (some funds of which have already been provided), and Auroville will be reimbursed, but only as per the original budget. If costs increases have been incurred, for whatever reason, this cannot be covered by the capital grant funds.

i. 51 crore “special” budget submission The Auroville Town Development Council has submitted a so-called ‘special’ budget for 51 crores for the rest of this financial year directly to the AVF without going through the proper channels which is the FAMC, as specified in the Rules of the Auroville Foundation.

Mr. Srinivasmurthy explained that the budget proposal is the ATDC’s response to a special request from the Governing Board and the Secretary to speed up the Auroville infrastructure development. If anything would go wrong, the responsibility would be with the AVF office, which will take full responsibility on the management of the funds and monitoring of the projects. The FAMC expressed its unhappiness with the situation, as the Auroville community is not informed and this budget submission was not emailed to the FAMC, as it is the FAMC’s duty to communicate with the community. The FAMC decided to write a letter to the community cc WCom and ATDC, including the budget proposal, and expressing the FAMC’s concerns. The FAMC was not involved in the budget proposal, and did not participate in it. This letter and the budget has been posted on the Auronet on 2 December; the letter published in the News & Notes dt 4 December.

j. Apartment in Maitreye II for AV Foundation staff. The FAMC has agreed to allocate a unit in Maitreye II to a staff member of the Auroville Foundation. The usage agreement, requested by the FAMC, will be prepared by the FAMC.
To The Content

k. HDFC bank requested a plot of land for an ATM machine. The HDFC bank has requested the Auroville Foundation for a long-term lease of a plot of land of 500 sq. ft. to put up an ATM machine. The FAMC did not agree to the request as such a machine would invite outsiders coming into Auroville, and would also go against the no-cash initiative.

l. Communication gap with AVF.
The FAMC has shared its concerns that there is a communication gap with the Office of the Secretary, AVF. The request is to keep the FAMC adequately informed on all the topics where FAMC may be involved or interested. Otherwise, it is difficult for the FAMC to see to its proper scope of work and discharge its duties responsibly. Further, if initiatives can be channeled through the FAMC as much as possible and the FAMC as a body supported and respected, this will be in the best interest of all. This was kindly noted by the Under Secretary.

2. Appeals

a. General.
While the FAMC is in favor of a proper appeal process, which needs to be revised since 2017 as per the appeal document, it doesn’t always agree with the Auroville Council’s validation of an appeal request and has suggested to the Council to better define the process. The FAMC believes it is experiencing some incorrect interpretation and application of the current appeal process. The status of the revisions/ extensive feedback that the FAMC has given to the Council earlier seems not to have been considered. The AV Council has requested the FAMC to continue cooperating with the appeal process and proposed to institute some immediate changes which might make things run better, like checking with the working group before validating an appeal. FAMC asked for the proposal in writing. At the end of this reporting period, the proposal had not been received.

b. Ongoing appeals
i. An appeal has been raised against the FAMC’s decision to close the city centre canteen. The appeal is pending.
ii. An appeal has been raised against the FAMC’s decision to allocate to Mila and Tapan the house formerly stewarded by Nolly (see point 4c below).
iii. An appeal has been raised against the FAMC’s decision to approve a new procurement unit Surabhi Supplies & Services, a unit under Auroville Service Trust.
iv. An appeal has been raised against the FAMC’s decision not to overturn or not follow the special audit report by Chartered Accountant Prabakaran re Kalpana housing project (see point 4a below).

c. Closed appeal regarding the reallocation of the apartment of Mr. Krishan Myer.
The appeal body has concluded that the decision of the FAMC regarding the reallocation of the apartment of Mr. Krishan Myer is to be cancelled as due process was not followed. The arbiters consider that the asset should be open to Aurovilians at large, that there should be fair hearing of all applicants, material provided by the applicants shall be studied, past institutional memory shall be studied and considered, timely official communication with the community and the applicants shall be done, transparency of process to be implemented for reallocation and the outcome (in the form of a report) is to be published via News and Notes and on Auronet. The process shall be completed and a renewed decision be arrived at within 3 months from the date of this report. The FAMC will send back the file to HB with a strong recommendation to follow a transparent, inclusive, thorough and open community process for reallocating the apartment and any other flat that may get vacated in this process.

The FAMC agreed with the conclusions of the appeal body.

ix. Avesa, a proposed activity under Auroville Activities (AVA). Proposed Managers: Mr. Petar Sekuloski & Ms. Sashka Sekuloska Trachjeska. Not approved as the proposed field of activity is considered too experimental for AV at present. The proposed managers had been asked to submit a report of a reputable Indian institution that uses Quantum Healing and/or acknowledges this work. Since then the application has been withdrawn by the proposed managers.

tax. Flourish, a unit under Auroville Service Trust. Executives: Ms. Helen Eveleigh and Mr. Manas Chakrabarti. Approved.

xi. Solitude Café, a unit under Artsana Trust. This is an activity graduating into a unit. Executives: Mr. Duncan McKenzie Philips (Krishna) & Mrs. Deepa McKenzie Philips. The FAMC observes that the accounting practices of the unit needs to be improved. The executives have acknowledged this. Approved.

xii. Pour Tous Purchasing Service, a unit under Auroville Service. Resignation of Mrs. Aurokala and Mr. Denis Henly (not in AV since April 2015). Appointment of Mr. Kumar Natesan, Mr. Naren Gupta, Mr. Kumaran Saminathan & Mr. Joel de Graaf for a trial period of 6 months. ii. Freeland, a unit under Swagatam Trust. Change of trust from Swagatam Trust to Kattida Kalai Trust with effect from 1 April 2020. Approved.

4. Housing issues

a. Kalpana. Upon a further review, the FAMC does not find sufficient ground or justification exists to ignore the conclusions in the Kalpana Housing Project Special Audit. This has been communicated to the project holders Satyakam & Devasmita and the persons who objected to paying additional GST.
Various Aurovilians have requested the FAMC to publish the report of Mr. Prabakaran. The FAMC does not see any ground to do so, the more so as Satyakam has meanwhile filed an appeal against the decision of the FAMC.

b. Eviction request of a Auroville house in Equality community. A non-Aurovilian family who has been living in a house in Equality community for more than 10 years has been requested on September 17 to vacate the house by November 18. The family has approached the Auroville Foundation office with a request for extension of stay till 30.12.2021. The FAMC has advised against honoring this request in view of the long period this family has stayed in the house and the fact that they have a house in a nearby village.

c. Demolishing of residence in Centre Field / allocation of residence in Samasti formerly stewarded by Nolly / funds for old age housing. The FAMC received a request from the Auroville Foundation to find a house for those whose house would need to be demolished to make place for the Crown Road. Consequently the FAMC decided to allocate the house formerly stewarded by Nolly to Tapas and Mita. An appeal has been raised against this decision.

d. House formerly stewarded by Werner, Prayatna Community. The FAMC approved the decision of the Housing Board that the house formerly occupied by Werner should revert to residential use at the earliest and that any art pieces, tools or materials can be stored or exhibited in the exhibition space for up to one year.

e. Houses in Felicity community. The FAMC proposes that part of Felicity community be utilized for incoming-generating activities; if this moves forward there should be an open call (equal opportunity) to the whole community for suggestions. The FAMC awaits the considerations of the Land Board and Working Committee. (ongoing topic)

f. Imagination building. As no Auroville unit has expressed interest in the first floor of the former Imagination building, the FAMC has decided that this floor can be used for residential purposes.

5. Land issues

a. Auroville Farms and Forests. Discussions are ongoing to see how best the Auroville Farms and Forests can be administratively integrated. The discussions have not yet led to a conclusive decision.

6. Units and Trust issues

a. Solar Kitchen. A review done on allegations by some Aurovilians working at Solar Kitchen was published in the News and Notes of 1 October 2021.

b. Accounting charges. The FAMC is looking into the amounts Auroville’s accountants charge to Auroville units for their accounting. Some members consider that Auroville’s accountant units are service and not commercial units, and that a standard of accounting fees would need to be implemented.

c. Treehouse Community to steward the former Telephone Service/ AVES offices. The FAMC agrees with the report of the Abri Support Group of September 2020 that the Tree House Community (Philip and Noe) become the permanent stewards of the former Telephone Service / AVES offices.

d. Siddha Wellness Project. The FAMC has given the green light to the ATDC for the Preliminary Design Approval of the Siddha Wellness Project.

e. La Terrace review. La Terrace has long functioned as an income-generating financial support for the Solar Kitchen service. Questions have been raised if Auroville still wants to have La Terrace as an income-generating unit that supports Solar Kitchen; as a service the prices could be brought down; it is operating in a service area.
To The Content

The suggestion was made that La Terrace be closed down as a income generating restaurant under Free Flow Trust at the end of this financial year; settle the employees etc. and re-open as a unit under the Service Trust at the beginning of the next financial year. This exploration is ongoing.

f. Atmarati Architects, GST dues. The issue of pending GST dues and penalties for late GST payment by the Atmarati Architects was discussed in depth with its executive, Mr. Pierre Elouard.

g. Loan to Aquadyn. Aquadyn submitted a request for a bridging fund loan. The request was forwarded to the Funds and Assets Resource Group (FARG) for evaluation, but was later withdrawn by Aquadyn.

h. Internal audits. The FAMC has decided to conduct the next round of internal audits by focusing on units following identified markers, eg units that have not been profitable for a few consecutive years etc. The audits will be done in-house initially, but when a serious problem is discovered during the assessment then an audit by an external party may be pursued.

7. Land issues

a. Land stewardship. The Land Board proposes that stewardship criteria for land are being reviewed. The FAMC is working on a new policy document which will be shared with the Land Board and the community for feedback.

b. Tamarind tope next to the Auroville Bakery. The road next to the Auroville Bakery is often blocked by parked vehicles of people who visit the bakery and the café. The matter was discussed with the Bakery executives, Land Board members and TDC members.

Though it is obvious that the adjacent land, the Tamarind tope, that belongs to Auroville could serve as a quick solution, this would not be ideal as the value is high and the land opposite the State Bank can be used for Auroville business outlets.

The Land Board proposed that instead, the Bakery parking could be behind the café, but this would require the removal of the old bathroom and perhaps the wood stock yard. It was agreed that a subgroup would help the Bakery to find immediate solutions. It was also suggested that the ATDC be asked to make a development plan for the area.

8. Various topics

a. Use of the name ‘Auroville’. The Name and Symbol of Auroville Protection Group requested the FAMC to confirm that it is no longer allowed to have the name “Auroville” in the beginning of a unit name, a practice which was stopped several years ago. FAMC states that the current guidelines still stand.

b. Solar Energy Pool. Martin of Auroville Consulting presented a proposal for a solar energy pool, which could be created through an investment by a third party, who would own the pool and charge accordingly. In this case the third party would sell to Auroville the electricity for a defined number of years. Unutilised energy would be sold back by Auroville to the TNEB. There would be a maintenance agreement attached to it as the company owns the equipment. Alternatively, Auroville could do its own investment.

Martin asked who in Auroville is the policy making authority when it comes to electricity billing and credits for rooftop solar generated by services, units and individuals in Auroville. At the moment Auroville does not have any framework on this. As it involves assets, the FAMC is probably the relevant authority. The suggestion was made for Martin to be the driver of a new policy. It was agreed he will do so together with all the stakeholders.
Mother’s message to Piero

“Each one has good reasons to support his own opinion, and I am no expert to judge between them. But from the spiritual point of view I know that with true goodwill all opinions can be harmonized in a more comprehensive and truer solution. This is what I expect from the workers of Auroville. Not that some give way to others, but that on the contrary all should combine their efforts to achieve a more comprehensive and perfect result. The ideal of Auroville demands this progress – don’t you want to make it? Blessings”

FOR YOUR INFORMATION

SHARING THE LATEST PHD THESIS ON AUROVILLE

Dear community, The Auroville Research Platform (Suryamayi, Henrike, Ravi) is happy to share the latest PhD thesis published on Auroville, by French anthropologist Marie Horassius. You may find her (french language) thesis on our Auroville research repository at this link: http://aurorepo.in/id/eprint/226.

Marie has been researching Auroville for close to a decade, and we thank her for her interest and work on our community, which we hope will serve many french speakers (within and without Auroville) in gaining deeper insight into this collective experiment. The subject is quite relevant to what is occurring in our community today, as you may read in Marie’s message to all of you below:

Dear Aurovilians and friends,

I am glad to gift you back my PhD thesis, which I have just submitted. I am Marie Horassius, a French anthropologist. Some of you may know me, I have been studying your city since 2012 and I came several times in the last years (2012/2014/2015/2016/2018). I already wrote a Masters thesis that you can find online (https://aurorepo.in/id/eprint/201/) and today I am giving you my PhD work.

After studying your community, I realized that nothing was written about your shared culture: it was always built around a specific subject inside Auroville. So I tried to write a monograph of your city, presenting your history, geography, sociology and your economical and political system. In this continuity, the two last parts of my PhD thesis are focused on your «idealities»: what does it mean to be Aurovillian for those who live there, what are your shared culture and beliefs. So I took several moments of your community life, some crisis moments, to explain how a kind of equilibrium is built in your city through two ways of seeing the world, two strong energies that I shared on: «the builders and the greenbelters» and «Prometheus and Dionysius»…

I hope that I did well and that I am close to your reality. Today with the recent events I am quite secure that my reading was correct and I hope you are going to find a consensus as you always do.

I want to thank you all again for your warm welcome, your kindness toward me and your help during these long years.

My best regards to all of you,

With all my friendship, Marie Horassius
AUROVILLE'S BRIGHT AND HARMONIOUS DEVELOPMENT

Dear friends of Auroville’s Bright and Harmonious Development, the New Year 2022 is upon us. Let us step into it consciously with the help of words of the Mother regarding the extraordinary times we are living in.

“In this new substance which is spreading and acting in the world, there is a warmth, a power, a joy so intense that all intellectual activity seems cold and dry beside it. And that is why the less one talks about these things the better it is. A single moment, a single impulse of deep and true love, an instant of the understanding which lies in the divine Grace brings you much closer to the goal than all possible explanations.”

(Ref. CWTM, V. 09, 14 May 1958)

Coming to our work, we are happy to report that the year gone by has seen success with the purchase and consolidation of 12 new plots (comprising 20 acres & 29 cents) by Auroville’s Land Board in the planned township area, mostly in the water-catchment area next to Irumbai Lake – all thanks to your generous contributions!

Our annual New Year’s card, shown above, is a way to connect with you and to express our sincere appreciation and thanks for your contributions and collaboration, and to let you know that the efforts for providing a unified ground for Auroville’s flowering are continuing unabated. Besides this e-version, we will be sending our land donors a printed copy of our New Year’s card by post. If you don’t want to receive a hard copy by post, please drop us a line at lfau@auroville.org.in. However, due to Omicron, postal services from India to certain countries may unfortunately be delayed.

If you are in Auroville, these beautiful cards will be available for free at major places in the City of Dawn township.

We take this opportunity to thank Aurovillian Piero Cefaloni for the cover photo and Aurovillian Lalit Kishor Bhati for the photos on pages 2 & 4. We sincerely thank Aravinda, along with Jasmin, who this year once again did the design and printing so this inspiring card could see the light of day. As a special plus, we are pleased to communicate the most recent update from Auroville’s PRISMA Books. Facing unprecedented odds, like many others, as the pandemic unfolded in 2020, PRISMA chose to experiment with novel open-access publishing methods, and you can read a reflection on our experience so far in their latest newsletter. They write: “As world events unfold in ever-interesting timelines, our team continues to experiment with futuristic publishing to present intriguing titles for a serious read in such exciting times.” Two of their recent open-access publications include “Sri Aurobindo’s Savitri: The Auroville Radio Talks” by Loretta Shartsis, a four-volume work that emerges from talks recorded by her for Auroville Radio over the last seven years, available here, and “Auroville, A Dream”, a rich text on its aims and ideals, available here. You can see more of their open access publications or order print books worldwide through their website or through auroville.com.

Each year, your donations have brought Auroville closer to a more consolidated physical base. Present circumstances show that your support remains vital, and precious. Solidarity works – so let us keep up our collective dynamism! By supporting Auroville’s harmonious land consolidation, you strengthen Auroville’s ability to be an inspiring beacon of hope and light!

With confidence in Auroville’s bright future, our sincere appreciation, and our warmest wishes for a Happy 2022!

Looking For Garden And House Help
3 days a week or other arrangements. Could also be a long time volunteer in exchange of lodging.
ambre@auroville.org.in, Amber
Dear community, first I want to thank you all for your kind support and financial contribution.

Since we started our petition we have already raised Rs36,400, still we need Rs45,000 more to be able to complete the project and for this we need to publish one more time an appeal for your generosity. We are very close!

TeraSoul farm is facing toilet issues. As you may know, the 7 acres of land has quite a few buildings in varying conditions. There are currently 3 houses in good condition. In addition to these buildings, there is one community kitchen (we just repaired the thatch/keet roofs), one windmill and one bore well.

To host our volunteers we have 2 individual huts; 1 females dormitory with 3 beds and 1 males dormitory with 5 beds. Volunteers have access to 3 outdoor showers and only 1 dry/compost toilet. It’s existing for quite a long time and needs a lot of repairs, which means that we don’t get enough commodities for the volunteers. Juan has offered some of them to use the toilets from his own house as a temporary solution. But some potential volunteers prefer not to join the farm because of this situation. After Monsoon, we’ll be starting a new growing season with a lot of work and we urgently need to host volunteers in a proper way.

The use of flush toilets constitutes a huge waste of clean water and nutrients. That’s one reason why dry/compost toilets are very important in the flow of the land. Grey waters are useful for bananas, papayas etc. Organic matter is collected for Biochar to enrich the quality of the soil. After a year the compost becomes clean and rich and fertile. This compost should only be used in the food forest, not in the vegetable garden. It is safe to use after a composting period of about 12 months in the tropical climates depending on the right mixture of carbon and nitrogen, moisture and heat. That’s why there is an urgent need to build a new dry/compost toilet in TeraSoul, it would totally make a difference. But we can’t afford the amount of 80’000 INR that is needed to build a proper installation.

As many Aurovillians, TeraSoul residents are struggling with their own individual daily living expenses right now and are not in a position of financing this expense. So we ask for your help. If some of you are willing to give us financial support to buy these toilets we would be most grateful.

Please send your donations to TeraSoul A/C number 105205. Label your transfer as “TeraSoul dry toilets” If you wish to make a donation but you don’t have an Aurovillian account number please write us an email we will send you information how to send directly from a bank account to Auroville.

We thank you very much for your support, Terasoul community

IN APPRECIATION

We would like to express our gratitude to Santoch, who assisted us with registration, and finding our way around on our visit to Jipmer 2 weeks ago. Also to the AVSF team, with the hopes that this can become a regular service. Medical expertise at JIPMER, we found superior to many private hospitals, we have encountered. Admittedly it is busy, servicing a big area, and charging according to means, so patience is required, but any wait was worth the effort.

We hope this encourages anyone who would like to attend JIPMER. But I lack confidence because of the language difficulty.

Aurore & Julia from Fertile
HOW CAN WE BE TRULY WORTHY OF SRI AUROBINDO’S 150TH BIRTH ANNIVERSARY?

When I think of Sri Aurobindo, two words spring to my mind, vastness and compassion. It is a vastness within which all contraries are reconciled and find their respective and luminous places in an integral truth. He is the herald of the Supermind, described as Satyam, Ritam and Brihat in the Vedas, translated as the Truth, the Right, the Vast. And for Sri Aurobindo’s 150th Birth Anniversary, this is what we are invited to explore in our Auroville context.

Phew! Not an easy task, but nevertheless this is what today’s imbroglio is asking us to look into. We all seem to be convinced that we know the truth, we know what is the right way forward in building this township. But somehow we seem to be fighting about this, so definitely there is something wrong in this truth that we claim to possess in a township dedicated towards human unity. And for this, we have to study the key word “Right” more deeply. A truth is right when it finds its right place in relationship with the whole, but it can very easily be distorted when it claims itself as the only truth or it places itself in a wrong configuration to the whole. And I think, we are all guilty in some way or the other towards this distortion!

Now hold your horses, you will say the others are the ones in the wrong, asserting themselves rigidly and foolishly! But the word ‘Right’ not only encompasses the right relationship of the truth to the whole, but also the right process and skill in manifesting it. If you attempt to manifest it by alienating all the others by using distorted and perverse means, it will then definitely taint the whole. You will have an Auroville filled with strife and disharmony, trauma and anger! So we have to attempt to manifest an integral reality that manifests spontaneously, skillfully and harmoniously because it is so true, there is no other way for it to manifest. This is why in the Supermind Sri Aurobindo mentions that there is the perfect marriage of consciousness and will, truth and force of manifestation.

And this is why I am so much for the Dream Weavers’ approach, wherein all parties concerned, all experts concerned come together, and manifest something so whole and many-sided that all of us have no choice but to acknowledge it as the only way forward for manifesting this town of human unity.

Now you will ask me but what about compassion that I had mentioned at the beginning while describing Sri Aurobindo? Personally, that is the key mystery for making this process graceful, joyful and bonding. Unconditional love comes to mind, respect and caring communication, openness to recognize the other’s truth and finally the vast embrace in which all becomes one. Let us collaborate together in trying to manifest this, through bridges of openness, understanding and love. Let us remain poised on the edge of the unknown, not assuming to know it all, and allowing the Grace to manifest through us as willing, humble servants. This is the only way forward to manifest Mother’s and Sri Aurobindo’s dream, let us attempt to be worthy instruments in this divine unfoldling.

With much love to all my fellow Aurovilians no matter where your stand is,

Samrat

Anandi ayun, December 2021
HALLELUJAH!

This word is now in every language, but its origin – in Hebrew, it means “Praise Jah (God)”.

Once I slept and in my dream I heard: “Hallelujah! A highway, railway and underground will transect Auroville. Hello, disturbance, noise, pollution! Good-bye greens, oxygen, tranquility, peace, spirituality!” Was it a dream only or a gloomy reality of the nearest future? Oh my dear city!

When I arrived in Auroville in 1991, I saw a note on a road: “Don’t hurry, be happy.” Of course I felt more happy on the bicycle than any people on motorbikes. According to the Roman wisdom, “festina lente” – “be in hurry slowly”.

One Aurovilian used a motorbike and met a holy cow on the road. He was sure that it’s easy for him to move near the creature without problems. But man conjectures, God disposes. The cow suddenly changed direction of its movement – and this unhappy Aurovilian fell and lost his consciousness. The animal moved with natural speed but man – with supernatural speed. Crime and punishment.

I hope that the animal was lucky to be undamaged in this case. The newspapers inform us regularly about the cases of elephant’s deaths on highways and railways. It is only the tip of an iceberg. Innumerable animals find their deaths on the roads every second. Our roads are the roads of death for God’s creatures. Maybe we have the right to kill them? And for killing trees – the old plants for the sake of the new roads?

According to the Mother, one kind of Auroville’s flowers has the spiritual name “Progress”. The Mother commented: “This is why we are on earth”. What is our purpose of life or, in French, raison d’être? Will it be spiritual progress of human beings or technical progress of the roads and machines?

The word “entropy” has Greek origin, from “trope” – transformation. This word is used usually if they speak about the degree of disorder of the system. In our situation, we can speak about entropy before Auroville received green cover. Sunbeams reached semi desert landscape and returned to the cosmos. Now greens in Auroville catch sunbeams and produce oxygen and biomass.

Auroville is not a city for people who like comfort. Aurovilians are biophiles – they like life. Technocrats are enemies of life. Naturally it is only my private point of view.

HELPFUL HINTS
FOR THE CATS LOVERS … AND NOT LOVERS
Probiotics House Tip Series # 35

If you’re like me, you adore cats. Why do we find these creatures so irresistible? Perhaps like me, you’ve owned a cat — or more likely, been owned by one. You know the joy that cats can bring, even when they’re being obnoxious.

What about cats and Climate Change: What’s Your Pet’s Carbon Pawprint? Dogs and cats are responsible for a quarter of the greenhouse gas emissions caused by animals, according a study out in 2017, which adds up to a whopping 64 million tons of carbon-dioxide equivalent emitted in the production of their food.

How to cut your pet’s carbon footprint for the climate? The carbon pawprint of our four-legged pals largely depends on how we take care of them. Here’s how to slash those emissions in a couple of simple steps.

1. The cat litter. Place PROBACILL in the cat litter box. Add it at the bottom with a teaspoon and after add the new clay – bentonite – silica – paper – sawdust – sand or any material to contain the litter. Don’t forget that your pet’s waste can be harmful for the environment, especially cat poop, which can contain a parasite that is dangerous to humans and animals. Don’t flush animal waste down the toilet, use PROBACILL and made it biodegradable waste into compost instead. Additionally, the benefit of tremendous reduction on odours.

2. Ditch fancy pet food to minimize waste. The largest environmental impact of the pet food industry stems from how proteins are sourced. High-end pet food that uses human-grade meat requires more animals to be raised, which generates more greenhouse gases. But this type of food won’t necessarily make your pet happier or give it the nourishment it needs. MGEcoduties and Probiotics House are working hard with a Tamilnadu PET food manufacturer to provide a balanced Pet food that reduces carbon footprint meanwhile given to animals a balance of nutrients. This Pet food with Probiotics LIVE BACTERIA will be available in 2022 in our shop in Reve. PROBACILL is available in PTDC and Probiotics House in Reve. Soon in HERS and PTPS.

Margarita and Guidelma
For MGEcoduties – Probiotics House
In Ayurveda, out of the 3 doshas (Vata, Pitta, Kapha) Pitta is the bilious humour, it is the capacity to digest anything that enters the 3 levels of consciousness: in the physical (to digest food, liquids, air, sensations), in the vital (to transform emotions, feelings, desires, ambitions...) and in the mental (to shine light and intelligence).

In the physical, it is the energy of heat, digestion and transformation that is secreted between the stomach and the bowel and flows through the liver, spleen, heart, eyes and skin. When the energy is not centred in this area, it will create the following symptoms:

- Bloating, abdominal distension, retention or constipation, acidity, reflux, indigestion, vomiting, PMS, menses pain, muscle tension, body pain (inflammation in the joints), body rigidity, disturbed sleep, insomnia

In the vital, it is the capacity to observe and understand manifestations in the inner being or what comes through the 5 senses. It flows through the outer layer of the heart, the pericardium. When the light is down, it creates stress, frustration, impatience, anger, bitterness, grudge, nervousness, anxiety, mood swings, pretension, arrogance, intolerance

The intelligence and knowledge pour through the mental when poised. When agitated, it leads to a lack of clarity to understand situations, over-thinking, recurrent thinking, restlessness, over-activity, agitation, loss of values, opinionated, preconceived ideas, hypersensitivity, distorted or distorting thoughts, smart aleck, mental rigidity

Some special food items and activities or herbal remedy can help to ground the energy in the heart and to nourish the body, making the liver happy again and the pericardium inflated with nice energy

Recommended food and liquids:

- Proteins: veg – lentils, dal, sesame seeds; non-veg – chicken and chicken liver, fish, eggs, sardines, octopus, crab
- Grains/Cereals: corn, millet (eg: varagu, ragi, kambu…), rye, oats, wheat
- Vegetables: all green vegetables (alfalfa, broccoli, celery, leek, spinach), beetroot, cabbage, carrot, fennel, lotus roots, pumpkin, radish, tomato
- Fruits: dates, grapes or raisins, pomegranate
- Herbs: chamomile, fennel seeds, fresh ginger, mint, oregano, parsley, thyme

Gather the energy in the heart or navel:

- Deep breathing, sighing, yawning, pranayama (anulom vilom, sheetali, sheetakari, chandra bhedana: left nostril breathing, OM chanting), athletic sports (including cardio, collective sports, individual sports), TaiChi, Qi Gong, manifesting love, listening to relaxing music, gardening, contact with nature, earthing, contact with water (water sports, walking in the sea), walking barefoot, full moon bathing, stargazing, all forms of art (painting, dancing, singing, playing an instrument), massage, crying
- Mother’s flowers or Bach flowers can be of good help with stagnant energies or recurrent emotions.

In the work place: drink regularly water, take regular breaks from the screens and breathe, spray Holy Basil essential oil or do fumigation with dry tulsi leaves

When Pitta is balanced it shines loving kindness and has excellent capability of observing, learning, understanding, organising, planning for the benefit of all or a greater cause.

CONFIDENCE-BUILDING WORKSHOP

Whether you’re interested in building up your speaking confidence when speaking in front of others, or you’re a performer/actor interested in developing more stage presence, come join us! The classes are really beneficial for those interested in building their confidence, whether for ordinary, professional life or performance. If you struggle with stage fright, a fear of public speaking, performance anxiety or social anxiety please join us.

We will be exploring how to be our authentic true selves in a social setting; practicing being who we are, instead of trying to be who we think we need to be. In these workshops we will explore what it means to be sincere to ourselves in public and how this can help us to connect to our own individuality, to others and to audiences. A lot of emphasis in this workshop will be about embracing our vulnerability, instead of hiding it. When we are sincere and we drop our guard, we communicate in a way that truly connects to others. These classes will combine a mix of improvisational games, public speaking techniques, theatre exercises, movement and mindfulness practices.

Oh and expect lots of PLAY J

A little about our philosophy

The conventional way of looking at confidence follows an approach of “fake it till we make it”. In these classes we will explore something different, which isn’t about trying to conceal your fear, but daring to reveal it. We believe if there is nothing to hide there is nothing to fear. Learning how to be vulnerable is at the cornerstone of developing true confidence. We’ll encourage our participants to go beyond their ‘learned personas’, we invite them to take off their ‘masks’.

Our society celebrates extrinsic success; confidence is presented to be smooth, slick, suave and charismatic. Because of this we neglect parts of our personality: certain feelings, our idiosyncrasies, our uniqueness, our quirkiness and ultimately our vulnerability in pursuit of becoming confident, according to what society deems as confidence. However, we risk becoming ‘well-rehearsed robots’ and not sincere individuals, who aren’t afraid of expressing their human-ness. Our approach offers a non-conventional way of building confidence, one that is directly associated with how willing you are to be truly seen in your totality. Totality meaning, not just learning how to present one side of yourself, i.e. your polite, happy side, but also sharing your other qualities that so often we conceal, like our sadness, shyness etc.

Feldenkrais movements resume

We are glad to welcome back Shari who continues Feldenkrais movement classes: From Friday 7th January onward, Fridays 5:15 – 6:30pm.

Feldenkrais movements are a wonderful and potent method to rebalance, realign and heal areas in our physical, emotional, and mental coordination.

The method is slow, very gentle, and awakens a curiosity about our inherent potential. With Feldenkrais awareness we can recognize easeful activity and find ways of functioning that are healthy, strengthening, joyful, beautiful and pain free. This does not only happen on the physical plane but ripples out into the rest of one’s life. Everyone can enjoy the benefit of learning something new, especially something that brings joy and grace to our lives. No prior experience necessary.

Present Covid protocols respecting, access to all classes is limited.

See you at Pitanga, with a smile!

Yoga Nidra 7 – 25 January

Webinar with Egle

“Nothing behind, everything ahead”: 21-day Yoga Nidra online course, 7 – 25 of January

The course includes 9 live zoom sessions 2 times a week, audio recordings for practice, home exercises & sharing.

Description:

What is your aim? What do you want to achieve? This is not a rehearsal. This is not a drill. This is your life. You are here to make the most of it.

It’s your consciousness that is the vehicle of change, that undergoes radical change from one life to another. It’s your consciousness that’s on a remarkable journey. But where is it going?

Into the heart of the subconscious mind, where all the answers lie, where one can discover ones Divinity. The treasures lie in the subconscious mind, not in the conscious part/Ego. Consciousness needs to become the partner of the unconscious, not its lifelong sworn foe.

Contents:

In this course we will explore one of the theories of the subconscious mind and the Archetypes of Self, Ego, Person, Shadow, Animus/Anima, what is a “God-program” and OBE (Out of Body experience).

Each topic will be followed by Yoga Nidra session to deepen the knowledge. Yoga Nidra is a tool, which enables a rapid shift from Beta to Theta brain wave state, which alters our perception. The knowledge is then not a mere mental construct anymore, but is reified and becomes an experience;

16 – 20 January, with Nirupam Gyan

Experience the Sacred Dances of Gurdjeff – a tool to being present, in the moment, aware – and not asleep.
Gurdjeff movements help to balance our 3 centers: the physical, the emotional and the intellectual.
Through the unusual combination of movements, the asymmetry, the will to break habits, they help us to acquire a new quality of presence. It’s a meditation through the movements. While being in the movement, we may experience the stillness inside, and be simultaneously aware of our inner and outer space.

GREAT PYRAMID K2019
Saturday 8th January 2022 at 5pm
Town Hall – Cinema Paradiso
French Pavilion Presents
Directed by Fehmi Krasniqi
Film in French with English subtitles, duration: 100 min

It’s a very popular documentary film about Egypt. Unlike other documentaries on the subject, the theories discussed and explained in the documentary run counter to the majority of classical theories of Egyptology. Based on works like that of Professor Cheick Anta Diop, Fehmi Krasniqi, the director of this documentary has reshuffled the cards of classical Egyptology and come up with a new story justified by the theories explained in the film.

INTERNATIONAL FILM CLASSICS & THE HUMAN CONDITION

Aurofilm Presents

In collaboration with film historian Prof. Sehdev Kumar, Professor Emeritus in Canada and a Friend of Auroville, known to many of us as an exponent of the verses of the great poet Kabir, during December 2021-April 2022, Aurofilm will be presenting a set of about 10 films from different countries and genres that illuminate the Human Condition in its rich and varied fecundity.

Like other arts and modes of communication – theatre, literature, paintings, sculpture – films, in their short history of 125 years, have explored cultural, historical, political, and spiritual aspects of the human journey on the earth in a hundred different ways, sometimes with profound insights that both illuminate and deepen our understanding of who we are, and who we may become.

In earlier Cine-Master Classes during 2021, as part of Aurofilm “Cine-Master Classes”, Prof. Kumar introduced the cine-lovers in Auroville to three classics, *Hiroshima Mon Amour* (French), *In the Heat of the Night* (American), and *Woman of the Dunes* (Japanese). As well, he discussed special cinematic, cultural and spiritual nuances of each film, and how, and why, the film was an important part of our artistic repertoire.

To continue to see and experience some other classics and outstanding films as part of a new series, entitled “International Film Classics & The Human Condition” (having started with American film, *On The Waterfront on Sat. 18 December*), Prof. Kumar will be presenting and discussing the following films over the next four months in 2022:

| 1 | Color of Paradise (Iran) | MMC Town Hall | Friday, 14 January, 8pm |
| 2 | Babette’s Feast (Denmark) | MMC Town Hall | Friday, 28 January, 8pm |
| 3 | Monsoon Wedding (India, USA) | MMC Town Hall | Friday, 4 February, 8pm |
| 4 | Coming Home (China) | MMC Town Hall | Friday, 11 February, 8pm |
| 5 | Divided We Fall (Czechoslovakia) | Aurofilm | Saturday, 19 February, 5pm |
| 6 | La Strada (Italy) | Aurofilm | Saturday, 5 March 5pm |
| 7 | Dead Poets Society (USA) | MMC Town Hall | Friday, 11 March, 8pm |
| 8 | Shine (Australia) | MMC Town Hall | Friday 18 March 8pm |
| 9 | The Seventh Seal (Sweden) | Aurofilm | Saturday, 2 April, 5pm |
| 10 | Lives of Others (Germany) | MMC Town Hall | Friday, 8 April, 8pm |

The program is subject to unpredictable changes, so please watch out for confirmed dates and venues before each film, as the 2022 calendar and events unfolds...

Aurofilm very much hopes to continue presenting such a series regularly in future, at least once a year under the direction of Prof. Kumar. In the mean time, Aurofilm’s Cine-Master Classes are regularly scheduled in our premises/ Kalabhoomi, presented by different enthusiast and knowledgeable speakers/researchers.

Wishing you all a beautiful and meaningful year,

Aurofilm team & Prof. Sehdev Kumar

MEDITATIONS ON SAVITRI, BOOK 7

Monday, 10 January 2022, 4pm at Savitri Bhavan.

The Joy of Union; The Ordeal of the Foreknowledge of Death and The Heart’s Grief and Pain, The Parable of the Search for the Soul, The Entry into the Inner Countries, The Triple Soul-Forces, The Finding of the Soul, Nirvana and the Discovery of the All-Negating Absolute and The Discovery of the Cosmic Spirit and the Cosmic Consciousness.

Savitri and her parents travel from the palace in Madra to the forest hermitage where Satyavan lives with his parents. Visiting Savitri’s future home, her parents Questioning no more the strangeness of her fate… / Helpless against the choice of Savitri’s heart / They left her to her rapture and her doom… (p. 476) With great joy, Savitri begins her life with Satyavan. She serves Satyavan’s parents and does daily chores. But she remembers the fatal date set by Narad, the day when Satyavan must die.

As Savitri sits awake next to the sleeping Satyavan, repressing her grief through the silent hours, a mighty Voice speaks from her being’s summits and reminds her that she was born on this earth to accomplish a great work and is charged with a mandate from eternity:

“Remember why thou cam’st: / Find out thy soul, recover thy hid self, / In silence seek God’s meaning in thy depths, / Then mortal nature change to the divine. … / Thou shalt see the Eternal’s body in the world, / Know him in every voice heard by thy soul… / Thy nature shall be the engine of his works… / Then shalt thou harbour my force and conquer Death.” (p. 476)

Savitri seeks her soul and peers into the depths of her subtle being to find The Entry into the Inner Countries. She knocks and presses against the door that guards the inner Life and by persistence she is able to enter the inner worlds: the realms of dense subtle Matter; the chaotic spaces of disordered, violent and uncontrolled Life-Force; and also, the realm where the Life force is controlled by Mind that claims to offer the single Truth, the eternal Law. But there she cannot stay since she is on the quest for her soul.

Then Savitri ascends towards the dwelling-place of her soul and deep in her inner mind she meets three Mother figures, The Triple Soul-Forces: each claiming to be her secret soul. They are the Mother of Divine Compassion, the Mother of Might whose task is to help the unfortunate and to battle against the hostile forces, and the Mother of Light, the power which works for God and leads humanity through death towards immortal life. Each of the three Madonnas is echoed from below by a shadow: the Man of Sorrows full of self-pity and hatred; the arrogant Ego of the great world of desire; and the ignorant mind that refuses to progress. Savitri listens to the Madonnas and their echoes. She promises each of the Mothers that when she has found her soul she will return and give them what they lack.

Continuing her quest of The Finding of the Soul, Savitri approaches the mystic cave where her soul dwells. But first she enters into the night of God. She feels that she herself is nothing, God alone is all. Then entering the great rock doors of the mystic cavern in the sacred hill, she passes through room after room. Finally, through a tunnel dug in the last rock she emerges into a house made of flame and light. Crossing the doorless wall of living fire, she suddenly meets her secret soul. After this encounter and becoming human once again, Savitri intensely calls for the Mighty Mother to enter her body and make it Her home.
A living image of the original Power descends into her heart and as it touches her feet a mighty movement rocks her inner space and activates all her chakras:

All underwent a high celestial change… / Each part of the being trembling with delight… / In the country of the lotus of the head… / In the castle of the lotus twist the brows… / In the passage of the lotus of the throat… / In the kingdom of the lotus of the heart…/ and finally: In the deep place where once the Serpent slept…/ A firm ground was made for Heaven’s descending might. (p. 529-530)

Finding her soul and being united with it, Savitri is serenely happy and her happiness spreads all around. But there are still some challenges to face. Savitri goes through the experience of Nirvana and the Discovery of the All-Negating Absolute, and hears the Voice of Night followed by the greater Voice of Light that tells her:

Fear not to be nothing that thou mayst be all… / God must be born on earth and be as man / That man being human may grow even as God.…. / Cast off thy mind, step back from form and name. / Annul thyself that only God may be. “ (p. 536-538)

Inwardly Savitri has become a mighty nothingness, but outwardly she does the things that she has always done, pouring out her sweetness and light into the world around her. Her mortal ego has perished. At night, when she is alone, she turns towards the veiled silent Truth high above. And one night a voice speaks from her heart and the world of unreality ceases to exist. All become conscious. Savitri discovers the Cosmic Spirit and the Cosmic Consciousness.

Infinity was her own natural home.…. / She was the single self of all these selves, / She was in them and they were all in her…. / The superconscious was her native air, / Infinity was her movement’s natural space; / Eternity looked out from her on Time. (p. 557)
