The primary mission of Santé Auroville Institute for Integral Health is to offer healthcare based on the currently emerging model of integral medicine.

This model is founded on the collaboration of multiple health practitioners working together to provide quality patient care combining the diagnostic and treatment strengths of different health systems.

Integral health in Santé focuses on affordable, minimally invasive healthcare through the prevention and treatment of ill-health.

Patients are encouraged to take an active role in their own wellbeing and education through workshops and courses is offered regularly. We are currently in the process of establishing regular consultancy appointments with visiting specialists in dermatology, nutrition and cardio care for our resident community.

In Santé, our Therapeutic Services include:

- Allopathy
- Ayurveda
- Acupuncture,
- Classical Homoeopathy
- Integrative Psychotherapy
- Midwifery and Women's wellness care
- Medical and Wellness Massage
- Reflexology and Lymph Drainage
- Physiotherapy and Shockwave therapy
