The earliest formula of Wisdom promises to be its last – God, Light, Freedom, Immortality. The Proclamation of Truth is Fearless

He whose self has become all existences, for he has the knowledge, how shall he be deluded, whence shall he have grief, he who sees everywhere oneness?

Isha Upanishad

Long and narrow is the ancient Path, – I have touched it, I have found it, – the Path by which the wise, knowers of the Eternal, attaining to salvation, depart hence to the high world of Paradise.

Brihadaranyaka Upanishad

THIS THEN is the origin, this the nature, these the boundaries of the Ignorance. Its origin is a limitation of knowledge, its distinctive character a separation of the being from its own integrality and entire reality; its boundaries are terminated by this separative development of the consciousness, for it shuts us to our true self and to the true self and whole nature of things and obliges us to live in an apparent surface existence.

  Important Information About News & Notes ______ 23
"But many questions may arise, — and principally whether such a spirit of defence and attack is the right spirit, whether union, harmony, interchange are not our proper temperament for the coming human advance. Is not a unified world-culture the large way of the future? Can either an exaggeratedly spiritual or an excessively temporal civilisation be the sound condition of human progress or human perfection? A happy or just reconciliation would seem to be a better key to a harmony of Spirit, Mind and Body. And there is the question too whether the forms of Indian culture must be preserved intact as well as the spirit. To these queries the reply of the author is to be found in his law of graduality of the spiritual advance of humanity, its need of advancing through three successive stages.

The first stage is the period of conflict and competition which has been ever dominant in the past and still overshadows the present of mankind. For even when the crudest forms of material conflict are mitigated, the conflict itself still survives and the cultural struggle comes into greater prominence. The second step brings the stage of concert. The third and last is marked by the spirit of sacrifice in which, because all is known as the one Self, each gives himself for the good of others. The second stage has hardly at all commenced for most; the third belongs to the indeterminate future. Individuals have reached the highest stage; the perfected Sannyasin, the liberated man, the soul that has become one with the Spirit, knows all being as himself and for him all self-defence and attack are needless. For strife does not belong to the law of his seeing; sacrifice and self-giving are the whole principle of his action. But no people has reached that level, and to follow a law or principle involuntarily or ignorantly or contrary to the truth of one’s consciousness is a falsehood and a self-destruction.

To allow oneself to be killed, like the lamb attacked by the wolf, brings no growth, farthers no development, assures no spiritual merit. Concert or unity may come in good time, but it must be an underlying unity with a free differentiation, not a swallowing up of one by another or an incongruous and inharmonious mixture. Nor can it come before the world is ready for these greater things. To lay down one’s arms in a state of war is to invite destruction and it can serve no compensating spiritual purpose.

Spiritual and temporal have indeed to be perfectly harmonised, for the spirit works through mind and body. But the purely intellectual or heavily material culture of the kind that Europe now favours, bears in its heart the seed of death; for the living aim of culture is the realisation on earth of the kingdom of heaven. India, though its urge is towards the Eternal, since that is always the highest, the entirely real, still contains in her own culture and her own philosophy a supreme reconciliation of the eternal and the temporal and she need not seek it from outside. On the same principle the form of the interdependence of mind, body and spirit in a harmonious culture is important as well as the pure spirit; for the form is the rhythm of the spirit. It follows that to break up the form is to injure the spirit’s self-expression or at least to put it into grave peril. Change of forms there may and will be, but the novel formation must be a new self-expression or self-creation developed from within; it must be characteristic of the spirit and not servilely borrowed from the embodiments of an alien nature.

Where then does India actually stand in this critical hour of her necessity and how far can she be said to be still firmly seated on her eternal foundations? Already she has been largely affected by European culture and the peril is far from over; on the contrary it will be greater, more insistent, more imperatively violent in the immediate future. Asia is rearing; but that very fact will intensify and is already intensifying the attempt, natural and legitimate according to the law of competition, of European civilisation to assimilate Asia. For if she is culturally transformed and conquered, then when she again counts in the material order of the world, it will not be with any menace of the invasion of Europe by the Asiatic ideal. It is a cultural quarrel complicated with a political question. Asia must become culturally a province of Europe and form politically one part of a Europeanised if not a European concert; otherwise Europe may become culturally a province of Asia, Asiatised by the dominant influence of wealthy, enormous, powerful Asiatic peoples in the new world-system. The motive of Mr. Archer’s attack is frankly a political motive. This is the burden of all his song that the reconstruction of the world must take place in the forms and follow the canons of a rationalistic and materialistic European civilisation. On his reasoning, India if she adheres to her own civilisation, if she cherishes its spiritual motive, if she clings to its spiritual principle of formation, will stand out as a living denial, a hideous “blot” upon this fair, luminous, rationalistic world.

Either she must Europeanise, rationalise, materialise her whole being and deserve liberty by the change or else she must be kept in subjection and administered by her cultural superiors: her people of three hundred million religious savages must be held down firmly, taught and civilised by her warders and tutors. A grotesque statement in form, but in substance it has in it the root of the matter. As against the attack — not universal, for understanding and appreciation of Indian culture are now more common than before, — India is indeed awaking and defending herself, but not sufficiently and not with the whole-heartedness, the clear sight and the firm resolution which can alone save her from the peril. Today it is close; let her choose, — for the choice is imperatively before her, to live or to perish.
Dear Residents, below you find the report of the Residents’ Assembly Meeting (RAM) that happened on Wednesday, 20 April 2022 and all relevant materials.

Follow-up Residents’ Assembly Meeting

**Day / Date:** Wednesday, 20.04.2022  
**Venue:** Unity Pavilion  
**Time:** 4pm to 6pm

**Attendees:** 173 attendees (in person in UP) and 35 online participants  
**Facilitator:** Elisa  

The follow-up RAM on this topic was held by the Residents’ Assembly Service (RAS) to inform about and refine the proposal in preparation for the decision-making process. You can find the RAM recording here: https://youtu.be/MD03tNGEmJE

164 confirmed Aurovilians attended the meeting at Unity Pavilion. Newcomers, volunteers, and youth below 18 were also welcomed, as stipulated in the RAD policy, as silent observers. People started to register their attendance from 3:30pm on. The RA Meeting started at 4:10pm.

The RA Meeting:

1. The RAM was formally opened at 4:10 pm by the facilitator with a welcome and introduction of the topic;  
2. The Residents’ Assembly Service members informed the participant about the structure of the RAD process;  
3. After a moment of silence, the facilitator set the intention, and the ground rules and got through the agenda;  
4. The petitioners’ coordination team then presented a data analysis of the 214 survey responses, with feedback on the original proposal, that RAS received from the community;  
5. The petitioners’ coordination team presented the revised proposal they drafted, as per the RAD policy, to take into account this feedback, explaining what they did consider for the revision, what they did not, and why;  
6. The petitioners’ coordination team outlined potential scenarios that may unfold based on the RAD outcome;  
7. The refined proposal was read in English, Tamil and French;  
8. After the presentation the facilitator encouraged the attendees to ask questions on the proposal and share their inputs;  
9. The petitioners’ coordination team decided to reformulate the RAD proposal, according to a suggestion from the participants of the meeting. The final proposal is as follows (modification is in italic): “I agree to remove individual members of the Working Committee from office through this current RA decision-making process, given their failure to ‘assist’ and ‘represent’ the Residents’ Assembly as stated in their mandate. If more than 50% of voters agree that a member is to be removed, the term of that member ends with immediate effect. I agree that any remaining members of the Working Committee will continue in office and can choose to appoint interim members. They can only do so in consultation with the Auroville Council. These interim members can only be chosen from members of previous Working Committees. The term of the interim Working Committee members shall be until the next RA-approved Selection Process has been held, and new Working Committee members have been selected. In the unlikely event that all Working Committee members are dismissed, the three Working Committee members who have the most votes to stay on will remain, as interim members, until the next RA-approved selection process”;  
10. The RAS explained how to express agreement or disagreement on the refined proposal and possible voting options to those physically present in the room (by a show of hands) and those connected virtually (using an online questionnaire);  
11. The majority expressed a common agreement to accept the refined proposal to be put out to the community for a decision; and use “YES”/”NO” voting option;  
12. As per the RAD policy, the RAS will soon “disseminate an RAD announcement (along with the proposal, voting options and all relevant materials), containing a personalised voting link, through the RAS mailing system 2 weeks prior to the voting deadline. The same announcement will be published in News and Notes and Auronet”;  
13. The RA meeting was closed at 6:15pm.

Yours, The Entry Service
ANNUAL REPORT OF THE ENTRY SERVICE
April 2021 to March 2022

Dear community members, as you all know, the Entry Service consists of its four parts: The Entry Board (The Admission Committee), The Entry Secretariat, The Aspiration Team and the Mentor Pool.

The Entry Board consists of 9 members selected through the Participatory Working Group (PWG) selection process. After 4 new members selected in Jan 2021, the present Entry Board includes Alain (Invocation), Dheena (Aspiration), Jayanthi (Auromodele), Lakshmanan (Kulapalayam), Matilde (Madhuca), Matriprasad (Prayatna), Rama Narayana (Courage), Sophie (Invocation) and Swadha (Courage). [See Auronet]

The Entry Secretariat consists of 4 members, namely Ishita, Shanti, Suvedha and William and the Aspiration Team of Amir, Falguni, Rakhal and Ramya. Another important wing of the Entry Service is the Mentor Pool which presently consists of about 250 committed members of the community from diverse cultures, nationalities and ethnic backgrounds who have been confirmed as Aurovilians for a minimum of 3 years. The mentors have played their role as bridge between the Entry Board, the community and the applicants which was very important, and they were well appreciated for their commitment.

The Entry Board has welcomed and met the applicants from all categories who expressed their willingness to participate in the Auroville experiment and have followed their process of integration. During this year (2021-2022) the Board has conducted 250+ Sharings/Interviews in collaboration with the respective mentors. Additionally, the EB has met all the foreign applicants before they start their processes in order for the Secretary, AV Foundation to issue them a Letter of Recommendation for their visa. The Entry Secretariat is following each and every case diligently and assists to their level best the Entry Board to take appropriate decisions.

Inspite of the Covid-19 restrictions on and off, the Aspiration Team has tried its best to inform the potential applicants in their decision of joining Auroville and support their newcomer journey and integration with up-to-date valid information and resources. Those interventions of support are very much valued and appreciated by the participants. Our monthly mailing list providing a series of links to watch movies on Auroville is being sent to the applicants to further their exploration and integration in Auroville.

During the Covid-19 period there was no Welcome Talk in the year 2021. The Entry Board had to face a situation where candidates have been “trapped” by the covid. The backlog of people in need of information had been partially treated in November and December 2021. The program resumed in January 2022 and so far there has been 3 sessions (one per month) welcoming a total of 81 participants. As for the Yucca program, the team resumed the sessions in July 2021 and have organised a total of 8 sessions until March 2022. The total number of participants has been 147.

From April 2022 onwards the Aspiration Team has scheduled a regular session of both Welcome Talk and Yucca program every month.

Also, Dhanalakshmi at Savitri Bhavan offers her much appreciated services in helping the local applicants in their understanding of the aims and objectives of Auroville and knowledge about the founders, The Mother and Sri Aurobindo and Their Dreams.

The Entry Board has met the Secretary of Auroville Foundation on her request to present the functioning of the Entry Service and another time regarding how to welcome more Aurovilians. Some members of the Board participated in the Envisioning Exercise sessions along with the representatives from all the working groups. The Entry Board in participation and collaboration with the other working groups has identified a set of bottlenecks which are to be addressed before inviting unusual numbers of applicants from all over the world. The document has been posted by the Working Committee on Auronet.

Despite the difficulties and challenges mentioned below, we are happy to have been able to welcome a great number of applicants from varied countries. (See statistics):

Please find below some statistics for the year 2021-22:
• New Aurovilians joined in 2021-22: 95

• Total Newcomers as of 31/03/2022: 109
• Total Applicants as of 31/03/2022: 88

The challenges we faced include
1. Long delay to get the Letters of Recommendation signed by the Secretary, Auroville Foundation in order for potential Newcomers to apply for an Entry Visa from their country of residence,
2. A new self-declaration emitted by the Foundation that has to be signed by applicants in order to get their Recommendation Letters,
3. Mandatory Aadhaar cards,
4. Lack of long-term tourist visas,
5. Lockdown & Covid regulations.
6. Availability of more quality mentors from diverse backgrounds to support the new applicants and help the board make decisions.
7. The lack of housing is still a major problem for the applicants as they need to have a long-term housing contract in Auroville to complete their newcomer process and become an Aurovilian. The cost is also an issue for many people who cannot afford to finance an accommodation from their own funds.
8. The Entry Board is facing the issue that some Aurovilians don’t mind writing attestation about the situation of certain applicants, especially with regard to their place of living and/or their works which are not always accurate.

Passing on

Sawitri, daughter of Sonja and Krishnaprem from Angiras Garden, informed us of the passing of Axel, her step-father, and sent the announcement below.

Axel

It is with a heavy heart that we would like to inform the community of the passing of Axel Johann Björnsson. Axel passed away peacefully in his sleep on the night of the 14th of February in his home in Vilcabamba, Ecuador at the age of 59, after a long struggle due to a failed surgery. He was cremated on the 19th of February in Loja, Ecuador, in the presence of his girlfriend, his sister, and oldest daughter.

Axel joined Auroville in 2005 and was, as many may recall, not only an enthusiastic actor in the Auroville theater group, but also a math teacher at Transition school. He had left Auroville in the beginning of 2013 for a new adventure in Ecuador, South America. This is where he built up his own business, a restaurant, which quickly became the place to be in town.

Like many of you will remember, he was always a joyful and happy person, there are definitely many moments of laughter he will be remembered by. He will be greatly missed by us all for his unique sense of humor and joyous ways.

We bid farewell to our dear friend with the following words...

I am free
Don’t grieve for me, for now I’m free,
I’m following paths God made for me
I took his hand, I heard him call
Then turned, and bid farewell to all
I could not stay another day
To laugh, to love, to sing, to play
Tasks left undone must stay that way
I found my peace ... at close of play
And if my parting left a void
Then fill it with remembered joy
A friendship shared, a laugh, a kiss
Ah yes, these things I too will miss.

Be not burdened... deep with sorrow
I wish you sunshine of tomorrow
My life’s been full I’ve savoured much
Good friends, good times
A loved one’s touch
Perhaps my time seemed all too brief,
Don’t lengthen it now with undue grief.
Lift up your hearts and peace to thee
God wanted me now
He set me free.

Thanks to all the amazing beings

My dearest Auroville community, I wanted to thank all the amazing beings that form this lovely crowd. People come and go, I know, but I didn’t want to say “good bye” or “till next time” without giving space-time to appreciate what I lived here. I never felt so much peace and so many challenges than in Auroville, but every time I felt defeated or confused, I bumbled into this uplifting energy. No matter the circumstances, there was someone to give me a hand or just accompany me, even complete strangers. And I never experienced that before. This place but mostly these people and energies have been the closest to home and a sangha I ever had, sometimes a little disperse, but always in a continuing movement that brings us together and ready to depart at times. Everyone, the more permanent and the more fugacious presence of the beings that transits through this place, enriches it so much, the most constant and the most twinkling. This movement is something magical, it allows so much growth and I really grew a lot. In these 2 years I have learned more than in my entire life and it is because of the support, allowance of time-space and the vigorous and dynamic vibe. Auroville is a place full of contradictions, but I think that that is also what allows so much diversity. I know right now there is some tension in the air, but I know that with love, compassion and trust, we will all grow for the better. I really think actions more than words are needed now. Sounds cliché, but we really have to become the change we want to see and hopefully not turn into what we dislike just trying to accomplish something. We are here in a process, an experiment, and we should not forget that. There is not an ultimate goal or an ending path so the means are really more important than the goal, I would say they are the goal. I go with so much trust and hope because I know that the uplifting energy that took care of me during challenging times will only grow and nurture this world. I am eager to come back and see everything wonderful that life and the thriving of the community will bring. I really trust you and believe in your nurturing and healing power.

See you soon, with kind love,
Mar (Colombian Mar)

DREAMWEAVING THE AUROVILLE CROWN 2022: REPORT ON PROCESS AND OUTCOMES

We are happy to announce that the Dreamweaving the Auroville Crown 2022 report is now available at this link. This marks the end of the process which the Dreamweaving team and Citizens’ Assembly team set out to achieve.

The report contains comprehensive information about the process, content and final output of the recent Dreamweaving process, along with feedback and evaluation of the designs and the process by all the participants. There is also an introduction to the concept and history of Dreamweaving, and why it was chosen for this topic.

A resource guide additionally provides video links to all the presentations, as well as links to the artwork of the exhibition and to all the information shared and feedback received during the process.

We would like to express our deep gratitude to all the participants and people who gave themselves – their time, energy and skills – so fully to this very concentrated process, as well as to those members of the community and of Auroville International who generously supported it financially.

A great deal of information was shared and interesting new perspectives opened up as a result of this intense but joyful collaboration.

We hope this report can help the Auroville Town Development Council and the Vastu Shilpa Consultants to integrate the voices of the community in the development plans for the city, and that it may also serve as a reminder for our community of what has been shared and accomplished during these past weeks, and as a possible model for collaborative planning in the future.

In case of questions or comments on the report, please reach out to dreamweaving@auroville.org.in.

In service,
Dreamweaving and Citizens’ Assembly teams
(Aditi, Alan, Allan, Anshul, David, Helen, Kathy, Martin, Mona, Nikethana, Omar, Praveen, Sophie, Suryamayi)

LET’S TALK ABOUT DEATH, 2ND YEAR, PART V
Saturday, 7 May 2022, 3:30 – 5:30pm
Pavilion of Tibetan Culture

Our next sharing will happen on Saturday 7 May 2022 at 3:30pm at Pavilion of Tibetan Culture. We, the ‘Let’s talk about Death’ group, do think that, since life and death are deeply entangled, living fully conscious today prepares a conscious and meaningful passing away. Thus, we intend to provide space, time and content on the topic of Death in Auroville.

Our aim is to offer a space for personal experience and insights on Death. During our sharings, there is no lecture, material distribution or convincing people of one’s opinions or beliefs. The sharing is open to all ages, for Aurovilians, Newcomers and long term Savi Volunteers. Furthermore, talking of one’s own experience is not mandatory. Sometimes, one prefers just to attend, listen or just to reflect within.

We hope to see you on Saturday, 7 May, at the Pavilion of Tibetan Culture. We’ll start at 3:30pm with coffee & cake, followed by sharing until around 5:30.

Please be sure to let us know if you are planning to join us by sending us an email to letstalkaboutdeath@auroville.org.in before 3 May

Sunday 1st May at 7.30 pm
As the East India Company extended its sway across India in the late eighteenth century, many remarkable artworks were commissioned by Company officials from Indian painters who had previously worked for the Mughals. These masterworks of the Wallace Collection celebrate the work of a series of extraordinary Indian artists, each with their own style and tastes and agency, all of whom worked for British patrons between the 1770s and the bloody end of the Mughal rule in 1857.

These hybrid paintings explore both the beauty of the Indian natural world and the social realities of the time in one hundred masterpieces, often of astonishing brilliance and originality. They shed light on a forgotten moment in Anglo-Indian history during which Indian artists responded to European influences while keeping intact their own artistic visions and styles. These artists represent the last phase of Indian artistic genius before the onset of the twin assaults – photography and the influence of western colonial art schools – ended an unbroken tradition of painting going back two thousand years. As these masterworks show, the greatest of these painters deserve to be remembered as among the most remarkable Indian’ artists of all time.

CHILD PORTRAIT
I (Roof Studio/Auroville Art Service) offer to draw your baby so that you can keep the memory of his/her first smile forever. My mission is to bring attention to children and their upbringing by my drawing/painting of them. “How to Bring Up a Child?” is an essential question to our society. I do not provide an answer but hope to trigger a public discussion about it. My values are gratitude, humbleness and love. My work is my impressions of the happy child, not a photo-like picture. I purposely chose smiling kids of an early age as they smile only when they are really happy. I enjoy my work and if you send me a photo of your child between 6 – 18 months of age, I will send you back for free a photo of my work. I will keep the right to exhibit the picture publicly and the copyright to it. I work with full confidentiality – no information about you or your baby will ever be made public. The photo should have some shadows, no flat light please. You could hold your baby so naturally it will create shadow from the side of you. And a smile needs to be there.

HELP NEEDED

COSTUMES NEEDING A CARETAKER.

Dear Community members, this is a call to any Aurovilian or Newcomer who enjoys dealing with costumes (taking care of them, lending and getting them back), to come forward to look after the costumes stored in a room at the Bharat Nivas. They have been lovingly made by Aurovilians over 25 years or more and were very often used by community members for plays and dance performances. A lot of energy, creativity and funds have been spent on making these costumes. They deserve some loving care.

I have been taking care of this costume-room for many years, but now feel it is time to hand it over to someone else. Please contact me if you are interested and want to know more.

Thank you, Joy (Dana)

SITAR CLASS

Sitar Class
by Nivedita (AV vol)

Let the music of Sitar take you with it!

Every Sunday 11am
@ La Maison De Junes

Call / whatsapp text on 9110654617 to book a class.

My name is Nivedita. I am a volunteer in Auroville teaching at last school. I would like to teach Sitar in Auroville and it would be a great help if you can put this poster on News and Notes. I will be in Auroville till 31 May. The student doesn’t need to have an instrument of his/her own. I think it would be a good opportunity for anyone who is just interested to explore their interest in Sitar before they buy their own instrument. Thank you.

Warm regards, Nivedita

Hatha Yoga with Ramesh  
**Every Tuesday, Thursday and Saturday from 5:30 to 6:30pm.**  
Ramesh offers hatha yoga classes with some vinyasa flow and include pranaya-ma, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

**Traditional Sanskrit Mantras with Sonia**  
**Every Friday from 5 to 6 pm, drop in class.**

Starting on April 22. 
In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according to the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the “sadhana” or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

**Karma Yoga (Permaculture) with Sanaan**  
**Every day, Monday to Saturday, from 2 to 5pm, drop in class.**

This yoga teaches each one of us to act according to a divine purpose, freeing our mind from any attachment to work and its results. In Serendipity we have a beautiful organic vegetable garden and we follow the practice of natural farming. We will also take care of the maintenance of the community compound and the landscaping of the gardens, which are immersed in the tropical dry evergreen forest.

**Qi Gong with Lhamo**  
**Every Tuesday and Friday from 7:30 to 8:45am, drop in class.**

Qi gong can be described as a mind-body-spirit practice that improves one’s mental and physical health by integrating posture, movement, breathing technique, self-massage, sound, and focused intent. Specifically, this form of gentle exercise is composed of movements that are repeated a number of times, often stretching the body, increasing fluid movement (blood, synovial and lymph) and building awareness of how the body moves through space.

**Tai Chi with Lhamo**  
**Every Wednesday and Thursday, from 4 to 5pm, drop in class.**

This martial art is an ancient Chinese tradition that has evolved over centuries and even though tai chi developed for self-defense, it has evolved into a graceful form of exercise formed without oils through light, comfortable clothing. This is one of China’s oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

**Bach Flowers Remedies with Stefania**  
**On appointment only (+91 9486363442)**

These remedies are made out of watered-down extracts from the flowers of wild plants, containing its healing energy. They work not only with adults, as they are especially effective with children and even pets. It’s a safe and natural method of healing that gently restores the balance between mind and body by casting out negative emotions which interfere with the equilibrium of the being as a whole.

**Conscious Life Counseling with Stefania**  
**On appointment only (+91 9486363442)**

This exploration offers a flexible and safe framework for introspection and self-discovery, which aims at personal and spiritual growth. Different techniques (like Awareness Through the Body, Psychosynthesis, Integral Psychology and Astroshamanism) will be used to develop consciousness-based attitudes and skills that help an individual to face particular moments of challenge or change in life.

**Facial Acupuncture and Massage with Lhamo**  
**On appointment only (+91 9565524237)**

Facial acupuncture works on the principle that in the face there is a holographic miniaturization system covering the whole human body. The theory and techniques of facial massage comes from facial acupuncture and it is useful for people who are more sensitive and feel uncomfortable with the needles. Through massaging the face, neck, head and using acupressure, the whole body is treated and supported.

**Head & Shoulders Marma Massage with Bala**  
**On appointment only (+91 9892699804)**

Marma points means “vital points that hold life force energy”. In this massage the practitioner uses fingers and hands to press (isometric / constant pressure) the specific point in head, face, neck and shoulders. This massage is based on the principles of Ayurvedic and various martial art traditions. Marma massage can help in relieving deep-seated tensions and improving circulation and energy flow.

**Shaatsu Massage with Sara and Simona**  
**On appointment only (+919443617308 and +91 9489511648)**

Shaatsu is a manipulative therapy developed in Japan and incorporating techniques of anma (Japanese traditional massage), acupressure, stretching, and Western massage in order to maintain physical and mental well being, treat disease, or alleviate discomfort. It involves the uses of kneading, pressing, soothing, tapping, and stretching techniques and is performed without oils through light, comfortable clothing.

**Hypnotherapy with Lhamo**  
**On appointment only (+91 9565524237)**

In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. And there are parts that don’t have a positive appearance. But in hypnosis, we can turn them into positive possibilities and let them teach us how to discover their positive meaning.
Small Children (0-6) Chinese Massage with Lhamo
On appointment only (+91 9565524237)
A very interesting way of looking at small children’s health and well being. It is a way to cure infants’ daily problems (cold, digestive functions, fever, cough, etc.) and increase the immune system without medicine. It works through very soft massage using different acupressure points than adults. It is an empowering tool for parents to deal with their kids daily ailments. It is very effective for newly born babies and suitable for children up to 6 years old.

Neurographic Drawing Class
Fridays, 3 – 4pm, starting 6 May

Neurographica™ is a trade-marked drawing method developed by Russian psychologist Dr Pavel Piscarev in 2014. The Neurographica method is based on the practice of drawing, coupled with the intention of the one who is creating the picture. They aim is to express feelings and emotions through the drawing. The psychological drawing method is very practical: Neurographica is used to balance our mind and inspire creativity and imagination. It helps to initiate positive changes in our life. Neurographica is about breaking patterns as it helps to recognize our patterns and hidden obstacles. Through the drawing process, guided by the teacher, one is finding new creative solutions, finding organic ways to release outdated patterns in one’s life.

It can be used as Art Meditation for self-exploration, expressing emotions, holding a positive intention.

The teacher will take you through the steps on how to create your own neurographic art and guide you through the process for you to begin to release tension and mental stress that is there in life.

For some of our daily problems it can take just a few classes but for some deeper problems and reaching the root of the problem and managing to overcome it, time will be needed. After learning the technique and understanding how to work with it, we can either continue using Neurographic in class and progress further or use the knowledge we learned in class at home as a self-retreat and art meditation.

Gala is starting a class of Neurographic drawings for adults at Pitanga on Fridays, 3 – 4pm, starting 6 May. See you at Pitanga, with a smile!

Woga (Yoga in Water) Classes with Maggie
Monday 2 & 16 May 2022, 4 – 5:30pm
Yoga in water is based on classic yoga poses and stretches, modified for standing in pool water, which is waist-to-chest high. Classes are structured like their yoga equivalents on land: breathing, warm-up exercises, a series of poses, and a relaxation period. The difference is that you are in a warm water pool (35°C).

The substantial decrease of gravity in warm water allows greater ease of movement, unblocks articulations, lengthens & melts muscles, and removes negative tensions, thereby preventing stress, insomnia and anxiety.

No previous experience required (also no need to be able to swim)!

Friday 6 May
Vegucated
2011 / 76 minutes / Marisa Miller Wolfson

Vegucated is a guerrilla-style documentary that follows three meat- and cheese-loving New Yorkers who agree to adopt a vegan diet for six weeks and learn what it’s all about. They have no idea that so much more than steak is at stake and that the planet’s fate may fall on their plates. Lured by tales of weight lost and health regained, they begin to uncover hidden sides of animal agriculture that make them wonder whether solutions offered in films like Food, Inc. go far enough. Part sociological experiment and part adventure comedy, Vegucated showcases the rapid and at times comedic evolution of three people who are trying their darndest to change in a culture that seems dead set against it.
