It is true that the soul can ascend into worlds of a greater consciousness beyond the earth, but it is also true that the power of these worlds, the power of a greater consciousness has to develop itself here; the embodiment of the soul is the means for that embodiment. All the higher powers of Consciousness exist because they are powers of the Supreme Reality.

The black dragon of the Inconscience sustains with its vast wings and its back of darkness the whole structure of the material universe; its energies unroll the flux of things, its obscure intimations seem to be the starting-point of consciousness itself and the source of all life-impulse.

This great question must be given its larger world-wide import if we are to see it in its true lines. The principle of struggle, conflict and competition still governs and for some time will still govern international relations; for even if war is abolished in the near future by some as yet improbable good fortune of the race, conflict will take other forms. At the same time a certain growing mutual closeness of the life of humanity is the most prominent phenomenon of the day. The War has brought it into violent relief; but the after-war is bringing out all its implications as well as the mass of its difficulties. This is as yet no real concert, still less the beginning of a true unity, but only a compelling physical oneness forced on us by scientific inventions and their new circumstances. But this physical oneness must necessarily bring its mental, cultural and psychological results. At first it will probably accentuate rather than diminish conflict in many directions, enhance political and economic struggles of many kinds and hasten too a cultural struggle. There it may bring about the end a swelling unification and a destruction of all other civilisations by one aggressive European motive. India alone is still obstinately recalcitrant; for Turkey and China and Japan, say her critics, have outgrown that foolishness, by which it is meant that they have grown rationalistic and materialistic. India alone as a nation, whatever individuals or a small class may have done, has till now refused to give up her worshipped Godhead or bow her knee to the strong reigning idols of rationalism, commercialism and economism, the successful iron gods of the West. Affected she has been, but not yet overcome. Her surface mind rather than her deeper intelligence has been obliged to admit many Western ideas, liberty, equality, democracy and others, and to reconcile them with her Vedantic Truth; but she has not been altogether at ease with them in the Western form and she seeks about already in her thought to give to them an Indian which cannot fail to be a spiritualised turn. The first passion to imitate English ideas and culture has passed; but another more dangerous has recently taken its place, the passion to imitate continental European culture at large and in particular the crude and vehement turn of revolutionary Russia. On the other hand one sees a growing revival of this ancient Hindu religion and the immense sweep of a spiritual awakening and its significant movements. And out of this ambiguous situation there can be only one out of two issues. Either India will be rationalised and industrialised out of all recognition and she will be no longer India or else she will be the leader in a new world-phase, aid by her example and cultural infiltration the new tendencies of the West and spiritualise the human race. That is the one radical and poignant question at issue. Will the spiritual motive which India represents prevail on Europe and create there new forms congenial to the West, or will European rationalism and commercialism put an end for ever to the Indian type of culture? Not, then, whether India is civilised is the query that should be put, but whether the motive which has shaped her civilisation or the old-European intellectual or the new-European materialistic motive is to lead human culture. Is the harmony of the spirit, mind and body to found itself on the gross law of our physical nature, rationalised only or touched at the most by an ineffective spiritual glimmer, or is the dominant power of spirit to take the lead and force the lesser powers of the intellect, mind and body to a more exalted effort after a highest harmony, a victorious ever-developing equipoise? India must defend herself by reshaping her cultural forms to express more powerfully, intimately and perfectly her ancient ideal. Her aggression must lead the waves of the light thus liberated in triumphant self-expanding rounds all over the world which it once possessed or at least enlightened in far-off ages. An appearance of conflict must be admitted for a time, for so long as the attack of an opposite culture continues. But since it will be in effect an assistance to all the best that is emerging from the advanced thought of the Occident, it will culminate in the beginning of concert on a higher plane and a preparation of oneness.”

PWG AMENDMENTS TASK FORCE 2022

Dear Community, following the call made to the community to form the PWG Amendments Task Force 2022, 11 applicants came forward. Out of the 11, 7 were selected via a drawing of lots. As some of the members could not commit, the remaining standby members were added to the task force. The confirmed members of the task force are Alexandre, Allan, Ambra, Henrike, Mael, Marlenka, Mila and Phillippe.

The Council together with the members of the task force has finalized the scope of their work as seen below. Scope of work for the PWG Amendments Task Force 2022:
- Define a process for deselection of Working Groups members based on a set of criteria and ways to assess them.
- If needed, refine other paragraphs of the PWG document to support the optimal functioning of the Working Groups.

The tentative duration for the task force to complete their work is 2 months.

Warm regards, Auroville Council

ANNOUNCEMENT FOR UNAUTHORIZED BUILDINGS

L’avenir d’Auroville/Auroville Town Development Council hereby informs all residents that all unauthorized constructions in Auroville will need to be removed, or repurposed until a renovation or removal, partial or full, is necessary. If you’re living or working in an asset that has no NOC, it is likely that you will soon receive an email from the ATDC regarding your situation.

If you are living or working in a building that has authorisation but falls on a Right-of-Way, in the Crown Service Belt or on a Line of Force, you will receive an email from L’avenir d’Auroville/ATDC regarding relocation to a different Auroville asset before arrangements are made for the removal of the asset.

Best regards, L’avenir d’Auroville (ATDC)

THE GOVERNING BOARD DIRECTS

THE RESIDENTS ASSEMBLY TO PAUSE ANY DECISIONS TAKEN BY THE RESIDENT ASSEMBLY

Yesterday, Saturday May 7 at 9:16pm, RAS and WCom received an email from the Auroville Foundation attaching a letter by Dr. G. Seetharaman, Officer on Special Duty Auroville Foundation.

The letter states that the Governing Board directs the Residents Assembly to pause any decisions taken by the Resident Assembly before the update of the Register of Residents; all current ongoing activities such as with the RAD (Residents Assembly’s decision-making processes) are to be stopped with immediate effect until the Register of Residents (RoR) has been fully updated on an urgent basis. Any such decision taken before updating the Register of Residents will be invalid, null and void.

Because the letter is addressed to the Working Committee, with a copy to the Residents Assembly (not RAS), we feel appropriate, and actually needed, to share it with you all immediately.

We have forwarded the email to the Auroville Council to seek guidance, and we will update you on further developments.

In the meantime, RAS will be at Solar Kitchen today, Sunday May 8, from 11 to 2pm, as previously communicated.

SUMMARY OF THE RESULTS OF THE RAD

Dear Residents, Here are the results of the RAD (voting) on the following proposal:

“I agree to remove individual members of the Working Committee from office through this current RA decision-making process, given their failure to ‘assist’ and ‘represent’ the Residents’ Assembly as stated in their mandate.

If more than 50% of voters agree that a member is to be removed, the term of that member ends with immediate effect.

I agree that any remaining members of the Working Committee will continue in office and can choose to appoint interim members. They can only do so in consultation with the Auroville Council.

These interim members can only be chosen from members of previous Working Committees. The term of the interim Working Committee members shall be until the next RA-approved Selection Process has been held, and new Working Committee members have been selected.

In the unlikely event that all Working Committee members are dismissed, the three Working Committee members who have the most votes to stay on will remain, as interim members, until the next RA-approved selection process”.

A total of 864 valid votes have been submitted online and in-person. The number of participants exceeded the 10% quorum required to validate the decision (239 votes)*.

* Based on data received from the Residents Service, the total adult population of our community eligible to participate in RADs (age – above 18, confirmed Aurovilians) is 2389 (as of the month of May 2022).

Anu:
- 782 votes: Anu to be removed;
- 82 votes: Anu to continue.

Arun:
- 762 votes: Arun to be removed;
- 102 votes: Arun to continue.

Chali:
- 52 votes: Chali to be removed;
- 812 votes: Chali to continue.

Hemant:
- 55 votes: Hemant to be removed;
- 809 votes: Hemant to continue.

Parthasarathy:
- 710 votes: Parthasarathy to be removed;
- 154 votes: Parthasarathy to continue.

Sauro:
- 37 votes: Sauro to be removed;
- 827 votes: Sauro to continue.

Srimoyi:
- 779 votes: Srimoyi to be removed;
- 85 votes: Srimoyi to continue.

As it is stated in the proposal: “Remaining members of the Working Committee will continue in office and can choose to appoint interim members. They can only do so in consultation with the Auroville Council.

These interim members can only be chosen from members of previous Working Committees. The term of the interim Working Committee members shall be until the next RA-approved Selection Process has been held, and new Working Committee members have been selected”.

According to the RAD policy, 8. Responsibility for implementing decisions made through this RAD process lies with the concerned working group/s or resident/s”.

Many thanks to all the residents who participated in this decision-making event!

For the Residents’ Assembly Service, Dan, Giovanni P, Sathish A, Tatiana S
COMMUNICATION RECEIVED
FROM THE OFFICE OF THE SECRETARY

Dear Friends, we share the below communication and the attachments received from the office of the Secretary.

LETTER BY DR. G SEETHARAMAN
Officer on Special Duty

As directed by Chairman and Governing Board, over the past several months, the Governing Board has been receiving many letters and emails from concerned residents of Auroville and devotees of Mother and Sri Aurobindo regarding the alarming situation in Auroville with regards to a complete dysfunctional state of affairs with the many committees of the Resident’s Assembly: such as with the working groups of Working Committee, FAMC, Auroville Council etc, the innate complicated processes and procedures have led to a complete policy paralysis at the moment. The current system of inaccurate and non-transparent modalities of the election and selection of the members to these groups has led to ongoing logjam.

As per the Act. Section 18. (1) the Residents Assembly shall consist of all the residents of Auroville who are for the time being entered in the register of residents maintained under this section 77.

Several questions were raised by the Governing Board to the Working Committee in regard to the functioning of the Residents Assembly and the Register of Residents. The response received is incomplete and not satisfactory.

In order to help overcome this dire situation the Governing Board directs the Residents Assembly to pause any decisions taken by the Resident Assembly before the updation of the Register of Residents; all current ongoing activities such as with the RAD (Residents Assembly’s decision-making processes) are to be stopped with immediate effect until the Register of Residents (RoR) has been fully updated on an urgent basis. Any such decision taken before updating the Register of Residents will be invalid, null and void.

While updating the Register of Residents is a welcome initiative, please note that maintaining the RoR is the sole responsibility of the Secretary of the Governing Board as per the Auroville Foundation Act. The inadequate maintenance of the RoR has no bearing on the validity and legitimacy of the decision-making processes of the Residents’ Assembly. Any ongoing decision-making process of the RA is therefore not to be paused, revoked, or otherwise impacted pending any update. In no country, including India, is any voting process halted or nullified on the basis of a census update.

Moreover, in 2018/2019 while the Auroville Foundation Office was issuing Auroville ID cards for Aurovilians through the Working Committee, an updated list of around 900 Aurovilians was submitted to the Avf office and the Residents’ Service (RS) so that the Register of Residents (as maintained by the Secretary) and the Master List (as maintained by the RS) could be updated. It is of dire concern that the RoR has not been updated at that time. The Residents’ Assembly Service verifies that all those who vote in a RAD process are Confirmed Aurovilians, using the list of residents maintained and provided by the Auroville Residents’ Service (the Master List). This is sufficient information to validate their participation, and conforms with the Residents’ Assembly’s current formal decision making process. This process specifies the threshold of votes required for a valid decision (quorum) to be 10% of the number of confirmed Aurovilians as registered in the Residents Service database (master-list) at the time of the RAD. As such, the matter of the Register of Residents is not of primary concern regarding RAD processes.

While in your letter you refer to the Residents’ Assembly being dysfunctional, we would like to bring to your attention that the recent decision to pause all clearing, infrastructure laying and permanent construction work on the Right of Ways of Crown, Radials and Outer Ring in order to enable the community to define a way forward for Auroville’s development... was arrived at with the highest participation of Auroville residents on record.

The current RAD process, for which voting ended on May 8th 2022, seeks to address a substantiated dysfunctionality (see attached the background documentation provided as part of this RAD process) in the representatives of the Residents’ Assembly, the Working Committee. This transparent process holds high standards in terms of integrity and consistency, in which members of the Auroville Residents’ Assembly will choose which of its current representatives may continue in office, given the present exceptional circumstances. According to the Auroville Foundation Act 1988, the Residents’ Assembly has the sole authority to choose members of the Working Committee, and how long they are to serve in this role.

Dr. G. Seetharaman served as Interim Secretary from 13-06-2019 to 21-11-2019

RESPONSES TO DR. G SEETHARAMAN
REGARDING THE VALIDITY OF CURRENT RA DECISIONS

In Response: Letter sent by Dr. G Seetharaman communicating that the Governing Board directs the Residents’ Assembly to pause any decisions taken by the Residents’ Assembly before the updation of the Register of Residents.

May 9, 2022

Dear Dr. G Seetharaman, thank you for your communication dt. 06.05.22 in which you mention that the Register of Residents (RoR) has not been updated since 2005. You also note a “complete dysfunctional state of affairs with the many committees of the Residents’ Assembly (RA)”.

You have informed us that in order to “help overcome this dire situation the Governing Board directs the Residents Assembly to pause any decisions taken by the Resident Assembly before the updation of the Register of Residents; all current ongoing activities such as with the RAD (Residents Assembly’s decision-making processes) are to be stopped with immediate effect until the Register of Residents (RoR) has been fully updated on an urgent basis. Any such decision taken before updating the Register of Residents will be invalid, null and void.”

While updating the Register of Residents is a welcome initiative, please note that maintaining the RoR is the sole responsibility of the Secretary of the Governing Board as per the Auroville Foundation Act. The inadequate maintenance of the RoR has no bearing on the validity and legitimacy of the decision-making processes of the Residents’ Assembly. Any ongoing decision-making process of the RA is therefore not to be paused, revoked, or otherwise impacted pending any update. In no country, including India, is any voting process halted or nullified on the basis of a census update.

Moreover, in 2018/2019 while the Auroville Foundation Office was issuing Auroville ID cards for Aurovilians through the Working Committee, an updated list of around 900 Aurovilians was submitted to the Avf Office and the Residents’ Service (RS) so that the Register of Residents (as maintained by the Secretary) and the Master List (as maintained by the RS) could be updated. It is of dire concern that the RoR has not been updated at that time. The Residents’ Assembly Service verifies that all those who vote in a RAD process are Confirmed Aurovilians, using the list of residents maintained and provided by the Auroville Residents’ Service (the Master List). This is sufficient information to validate their participation, and conforms with the Residents’ Assembly’s current formal decision making process. This process specifies the threshold of votes required for a valid decision (quorum) to be 10% of the number of confirmed Aurovilians as registered in the Residents Service database (master-list) at the time of the RAD. As such, the matter of the Register of Residents is not of primary concern regarding RAD processes.

While in your letter you refer to the Residents’ Assembly being dysfunctional, we would like to bring to your attention that the recent decision to pause all clearing, infrastructure laying and permanent construction work on the Right of Ways of Crown, Radials and Outer Ring in order to enable the community to define a way forward for Auroville’s development... was arrived at with the highest participation of Auroville residents on record.

The current RAD process, for which voting ended on May 8th 2022, seeks to address a substantiated dysfunctionality (see attached the background documentation provided as part of this RAD process) in the representatives of the Residents’ Assembly, the Working Committee. This transparent process holds high standards in terms of integrity and consistency, in which members of the Auroville Residents’ Assembly will choose which of its current representatives may continue in office, given the present exceptional circumstances. According to the Auroville Foundation Act 1988, the Residents’ Assembly has the sole authority to choose members of the Working Committee, and how long they are to serve in this role.
The Residents’ Assembly has also recently reviewed, incorporated feedback on and agreed an updated selection process for its working groups, and is in the process of similar reviews of other important internal policies. Pausing formal decisions of the Residents’ Assembly which serve to improve its functioning, pending an update of the Register of Residents, cannot be seen to “help overcome this dire situation” as claimed in your letter.

For the Residents’ Assembly to exercise its authority and capacity to decide on its representation and the due process of its decision-making is crucial and shows a healthy and functional state. Furthermore, once a functional Working Committee is assured by the Residents’ Assembly, the former shall be able to fulfil its role of assisting the Residents’ Assembly as well as the Governing Board in supporting the development of Auroville as per its ideals. And therefore contribute to a more cohesive way forward.

Until then, decisions made by the Governing Board in its areas of responsibility cannot be considered well-informed by the Residents’ Assembly of the Auroville Foundation. We would also like to highlight that the Governing Board has a separate sphere of function from that of the Residents’ Assembly, and is further not authorised by the Auroville Foundation Act 1988 to make any such directions to the Residents’ Assembly.

Sincerely, Members of the Residents’ Assembly of the Auroville Foundation

• Dear Sir, We are in receipt of your letter of 6th May, 2022, regarding the Register of Residents. We are writing in our capacity as members of the Working Committee and the Residents’ Assembly. We note that your letter is partly in response to a letter, comments and documentation sent to the Secretary’s office by the other 4 Working Committee members. We would like to put on record that this letter contains inaccuracies in the statements made as well as the basis for the ‘questions to be asked’. We were not involved in writing the letter and we do not agree with many of the observations that were made in it.

In response to your letter we have the following observations:

It is not correct that the Register of Residents has not been updated since 2005. An exercise of updating the RoR, with the help of the then Working Committee and staff dedicated full time, was undertaken in 2018-19 and the Auroville Foundation Office issued ID cards on that basis. Information about births, deaths and new people joining Auroville is regularly sent to the Secretary’s office. It is then the job of the office of the Secretary to update the RoR accordingly. As per the Auroville Foundation Act, Section 18.2, it is the responsibility of the office of the Secretary to maintain the RoR.

Moreover, every person, on joining Auroville, signs a form that has been officially gazetted as part of the Auroville Admission and Termination Regulations, 2019. The same form should be used for updating the RoR as this is what was approved by all 3 bodies of the Auroville Foundation. If changes are made to the form or a new form is proposed, due process is needed in order to gain similar approval.

We do not share the view that the Residents’ Assembly Service (RAS) is a dysfunctional body. As per section 19 (3) of the Auroville Foundation Act, the Residents’ Assembly may function by establishing committees, and the relevant documentation about the RAS has been sent to the Auroville Foundation Office from the Working Committee in January and April 2022. No comments have been received on this matter and if there is some area of dissatisfaction regarding their performance it must be brought to their notice with a chance for self-correction.

We refute the statement that the Residents’ Assembly (RA) as a whole is a dysfunctional body. After the establishment of the Auroville Foundation, the Residents’ Assembly has successfully completed the construction of Matrimandir. It has created and runs schools for Auroville and for the local region and our education system is attracting growing interest and attention from experts and observers. The Health system is running, our economic units are flourishing and financially supporting the community – the income from Auroville’s own units constitutes the backbone for its functioning. The environmental work undertaken in Auroville is attracting increasing attention in India and worldwide. In the last twenty years an important effort for development has taken place with new constructions in the City Center, the starting of the Residential Zone and several public buildings in the cultural zone. A large proportion of these developments have been made through funds raised by Aurovilians and only a part through grants of the Government of India. It is important to note also that all lands purchased by Auroville have been entirely procured through fund raising efforts that have encouraged and resulted in private donations from abroad, from India and sometimes Aurovilians themselves.

During the pandemic, when even the Auroville Foundation Office was closed at times, the Auroville Community showed an extraordinary resilience in facing the challenges of the lockdown, managing its community health system in direct coordination with the local authorities, facing the economic challenges and preserving its economic resources at a time of a global challenges.

As for the complaints received by the Governing Board, in the spirit of natural justice, proper procedure would be to create a neutral body to hear both sides and arrive at a fair evaluation. Improving and growing is part of progress. The Working Committee had suggested in previous GB meetings to appoint experts from reputed organizations to study our systems and processes and suggest possible ways and means to make improvements for the future. But it seems instead that a judgment has arrived only giving weightage to certain voices and perspectives.

Finally, regarding Residents’ Assembly Decision-making (RAD) processes, we would like to respectfully note that it is the prerogative of the members of the Residents’ Assembly to decide its internal mode of function. As it was stated in the Rajya Sabha by Mr. Shiv Shankar, Minister of Human Resources Development, presenting the Auroville Foundation Bill, 1988: “As far as the day-to-day activities are concerned, they will be looked after by the residents through appropriate autonomous arrangements, which will include Residents’ Assembly and its Working Committee. The idea underlying this arrangement is that the residents of Auroville should have autonomy so that activities of Auroville can grow under an atmosphere conducive to harmonious growth.”

While highlighting the great amount of work and progress that has been made in Auroville’s 50 years of existence, we also readily acknowledge that there is a great scope for progress and improvement and we agree that Auroville should progress faster in a direction of inner and outer growth. It is our firm belief that the best way to enable and accelerate growth and progress in a manner that is reflecting the true spirit of Auroville is through collaborative rather than authoritarian methods and intentions.

We would be happy to provide any further clarifications that may be required.

Sincerely, Chali, Hemant, sauro, Members, Working Committee of Residents Assembly
REPORT ON ROAD SAFETY CAMPAIGN BY YOUTHLINK

The Road Awareness campaign initiated by YouthLink was held for two days (15th & 16th April) at Solar Kitchen where we took surveys, gathered concerns, and future aspirations in regards to road safety in Auroville. This was done in order for us to recognise, address, and find possible solutions on current social and cultural issues within Auroville and bioregion.

We presented information and statistics about road accidents across the nation, what to do when approached by traffic police, and the list of fines and punishments; in the form of infographics. We weighed importance on the value ‘By the community, for the community’, hence instead of presenting problems and their solutions, we chose to make it as interactive as possible. The purpose of this on-field survey was to gather opinions and concerns of the community in order to draft the action plan.

The Polling Board

The Polling board was a board split into 24 sections, each titled with an individual road safety concern such as speeding, driving under influence, etc. Each participant was given three stickers to place in the area they deemed to be the biggest concern. Participants were given different colour stickers according to their age group and gender, giving us an idea of how each demographic’s concerns differ.

We got 235 votes on our polling board. With each person having 3 votes, this suggests roughly 78 participants.

The stacked column chart displays concerns gathered through the polling board. The height of the column displays the amount of votes received on the particular topic, and colours represent the percentage of each demographic.

By dividing the survey by age and gender, we could also see that we got most interactions from male aged 35 and over (60 votes) followed by female 35 and over (58 votes), 18-35 male & female (35 votes each), male under 18 (33 votes) and finally female under 18 (14 votes).

The survey shows road quality as the biggest concern for residents, with a total of 38 votes. It is followed by Speeding (31 votes) and Highbeam (24 votes).

Both Female over 35 and Male over 35 expressed ‘Speeding’ to be their biggest area of concern (11 votes each) whereas Female between ages 18-35 and Male between ages 18-35 as well as Female under age of 18 and Male under age of 18 expressed ‘road quality’ to be the biggest area of concern (having 8 votes, 9 votes, 5 votes and 5 votes respectively).

Concern Letterbox and Dreamline

The concern letterbox and Dreamline were interactive information gathering initiatives where individuals could raise their concerns through the concern letterbox as well as their aspirations for the future by hanging their ‘dream’ on the dreamline.

The ‘dreamline’ gathered information on people’s outlook into the future of road safety. We received 29 concern letters and 13 dream letters, as well as verbal community feedback.

The ‘concern letterbox’ allowed people to voice concerns which were not presented at the polling board, as well as very specific concerns (such as solar kitchen roundabout).

Responses:

• 14 letters had concerns about the way people were driving, many pressing the need for people to have better understanding of road rules, such as driving while using a mobile device, driving side by side, and speeding. Underage driving and driving under influence were also raised, and suggestions were made to open conversations in schools regarding the Auroville youth mortality tied with drunk driving.

• 8 letters addressed road quality, communicating the need for:
  - A cyclepath on the Kuilapalayam tar road
  - More speed bumps (in order to slow down traffic)
  - Less speed bumps (with the argument that they are a road hazard and injurious to the spine)
  - More benches along the cyclepaths, to encourage more pedestrians to take them instead of jaywalking
  - Sharp turns and blindspots in crossings, with the suggestion to add reflective tape so the turn is visible at night, as well as mirrors to eradicate the blind spots
  - Separating the road and the parking at Solar Kitchen

• 6 letters directly aimed at roundabouts, suggesting that the Solar Kitchen roundabout was ill-placed or that people did not know how to use it properly.

• 4 letters suggested having more signboards, three of which were concerned with speeding.

• 5 Letters were tied with having too much traffic on the roads, calling for less vehicle usage by using cycles, walking, and possibly having public transport through the instalment of a tramway.

• 3 Letters voiced concerns over electric cycles, two in regards to them being silent when approaching from behind / corners and one in regards to electrical vehicles speeding in cycle paths.

The Takeaway

Some of the practical implementations we can foresee are:

• Creating leaflets to be circulated in all guest houses for tourists/guests to understand the regional driving laws and safety concerns within the community
• Creating benches on cycle paths
• Creating a cyclepath map of Auroville
• Putting up more road safety sign boards
• Build a driving school that has driving courses for Aurovilians/Newcomers & have a place for New learners to practice driving
• Put reflective tape on turns
• Place convex mirrors on blindspots
• Place reflective tape on cow horns

The Pie chart above represents the dream and concern letters received from the survey, split into different categories according to the concerns raised.
Action Plan:
As the YouthLink team, we wish to visit the highschools of Auroville in the spirit of spreading information and starting an open conversation on the dangers of some of our driving habits, as well as looking into ways for us to directly implement some of the points mentioned above in collaboration with respective working groups and units.

We are working alongside the Auroville Security Service Team to design a first aid course, so we can have more people to provide assistance in case of accidents & emergencies.

Please note: This survey was conducted at solar kitchen over one weekend, a short period of time, so even though the audience was diverse, it represents the views and opinions of a limited number of individuals.

For more information related to youthlink, please visit our website youthlink.org.in or our office in town hall.

Kind regards, YouthLink, Ankita, Krishna, Lucrezia, Medha, Namu, Sanata, Tenzin, Venkatesh

AUROVILLE MATTERS

DEAR LUIGI

Ever since I returned to Auroville as an adult, this time, I chose to be on ‘the other side’ of what you chose to represent: the ultimate planned manifestation of Auroville. We had a few exchanges, in which I maintained that both “Planning” and ‘Spontaneous growth’ could co exist in this experimental Laboratory of the Mother’s Dream of Human Unity.

Through the years we exchanged greetings, and I had understood that on this stage of Auroville to which our souls had been drawn, we were simply playing the roles of different perspectives, that sought somehow to find common ground on the path towards unity in diversity.

I am so sorry that in our last exchange, at the site of the violent clearing at Bliss forest, my words to you were harsh. My heart was darkened with fear and anger and I sought ‘an enemy’ and found one in you, my brother. I wish now that I had understood earlier that it is more important to be kind than to be right...

I wish you well, on your onward journey in the arms of the Mother and Sri Aurobindo where we all find ourselves in the respite between lives...drawn by Them we came, and drawn to Them we continue...

Aurovoir, Luigi! With so much love, Ange

IN THE 80’S, FROM "TRANSFORMATION"

In the 80’s, from “Transformation”, the Matrimandir in the horizon, inspiring us to go on building this new space started by Luigi and Aryamani. We built, we planted, we learned, we discussed, we danced, we laughed. we mixed up all our Latin languages – Italian, Portuguese, French, Spanish – We were wondering what our little ones would talk among themselves tomorrow... we did not know... Aurore, Mahi... And one May brought us a luminous new flower, Yajna.

Pierre faisait des experiment en terre, Luigi planted beau-coup trees and flowers, Samata was taking care of the kids, Paulo e Ila construed sa maison et attendais autre bebe... Roger, Aryamani and myself, we cooked and did the dance exercises in the bar in the kitchen … Sleep outside on the baranda of catamár, under the stars and the moon, unforgettable...

Now, May 2022 your time for going, dear Luigi came. Thanks for being with us, for sharing with us Her Dream... also if not always we were feeling the same, it was great!

Till the next time… Within Her Arms and Grace
Anandi-ayün, Certitude

A CALL FOR PEACE

Thursday, 12 May, 5:30pm, at the Amphitheater

Matrimandir is the place of cohesion, and the Amphitheater is dedicated to Human Unity. Let’s come together in silence and contemplation. Together we can create a flower mandala with the flowers we bring. This is followed by the weekly Sunil’s New Year Music at 6 – 6:30pm. Sigrid
GREETINGS FROM THE ECO SERVICE

Dear community members and Eco Service users, there are a few requests that we would like to make to all regarding the disposal of Cardboard / Amazon boxes and Thermocol.

Please Do Not stuff the Cardboard / Amazon / Pizza boxes and Thermocol packagings in the waste bins. They not only take too much space inside, they also usually make emptying the barrels a bit tedious for the collection team. Hence,

1. We request everybody to flatten the cardboard boxes and pile them separately in a covered space safe from rain.

2. Similarly please try to put all the thermocol separately. Ideally, it would be great if individuals could bring over their thermocol waste directly to Eco Service instead of putting them into community waste barrels. All those who can, please do so, it will be appreciated.

3. The EcoService would also like to request and remind all communities and individuals to instruct their household help/gardener to help our team when they come for waste collection.

The Eco Service looks forward to the continued cooperation of all and thanks the community for the same.

Much Thanks, The Auroville Eco Service

**WORK OPPORTUNITIES**

**TLC IS LOOKING FOR...**

TLC (The Learning Community) is looking for two people to join our team and work together in a community with adults and children.

- We need one enthusiastic DIY person: practical, capable of helping us to maintain the physical aspects of our campus. Plumbing/electricity/masonry/carpentry skills would be an asset, as well as the capacity to oversee maintenance work by external workers. Working closely with adults and children will be a part of the task.

- We also need one IT/tech person to help with all aspects computer related – maintenance of our computer room (supported by Aurinoco), and assisting learners (children and adults) with computer-related tasks (knowledge of basic softwares necessary, such as word, excel, powerpoint, Google sheets, etc).

- Both would require good English and communication skills, a love of community, and would entail half-time work (4-5 mornings per week).

- Financial assistance could be offered if needed.

Please write to tlc@auroville.org.in if you are inspired to join our learning journey.

With much care and gratitude

**HR HUB INITIATIVE**

HR Hub Initiative is a service which helps individuals (Aurovilians and Newcomers) who are looking for suitable work to find it, and to help Auroville units and services who are looking to fill positions to find the right individuals to step in.

A dynamic project is looking for 2 people to join their team and work together in community with adults and children.

1. **An enthusiastic DIY**  
   (Do It Yourself – or handyman/woman), practical, capable of helping to maintain the physical aspects of the campus. GLAMOR MAGAZINES NEEDED

Vogue, Elle, Jollyboys, Bimbogirls... and all others

• Soham is preparing “Glamor Grandiose”

Dear all and one, Soham (my humble self) is preparing a collages exhibition called: “Glamor Grandiose” for September or October. Let’s see and be careful. I am unpredictable. The Grandiose work has already started at full peaceful speed. I now need fresh and glossy new material to be cut up, assembled in a harmoniously, hilarious and super meaningful manner. I need our gentle and generous help! (Cash welcome also!)

Please bring me all the Vogue, Elle, Jollyboys, Bimbogirls, Afrobelles and all other catalogs you don’t use right now. Books of arts and pornos reviews are welcome; naked beauties or bodies are pure marvels to be worshiped. Even political stuff is welcome, it’s so full of silliness! For Delivery, no need of an obstetrician, just come to my abode under the skies, preferably between 3pm and 5am every day except the 14 July 2022, it’s the French National holiday commemoration of the Bastille’s bloody beginning of the great. (Bloody Again) French Revolution. History has such extravaganzas! I am He the victorious, flower cowboy of the East.

• Please for more information see the virtual film called: “Once upon a time in the East”

A pure delight! Soham

HELP NEEDED

GROWING FOOD FOR AUROVILLE

Siddhartha Farms mission to grow organic food for the community depends on functioning infrastructure and machinery. At present our old tractor is in very poor condition and will need costly repairs, therefore we have decided to move forward to get a new one with equipment. The old one will bring 1.25lahks and the needed balance is 8.75lahks. If you would like to make a donation towards it, it will be highly appreciated, our account is #0486.

Many thanks for your support, Siddhartha Farm Team
DIVINE DAFFODILS
Dear old Pink daffodils
That dance in Glittering rains
You bask in Crimson sun shine
And sweetly hide your heartbreak pains
Your dreams are like the Glow Worms glow
Even the Twinkling stars enjoy your show
You even shine
On a No moon night
Wishing on the Sizzling shooting star
You hold on to your dreams ever so tight
Waiting for the Rising dawn
To enjoy The burning gaze
You never give up hope
You never give up chase
To tackle all your challenges
Life seems a Never ending maze
But you wait, You ever do wait
In divine you trust
Yes you will bloom some day
You never doubt your fate
With divine grace, You ever do wait.
You never doubt your fate.

SEE-SAW
(a game for children of all ages:-)
See-Saw
See-Saw
Up and down
Round and round
I am up, you are down
You are up, I am down
I am in the centre, so are you
I see you, you see me
Who oversees
You and me
And us all?

With joyful Gratitude,

“WHAT MADE THE ATTACK POSSIBLE?”
To anyone who wishes to make sense of it all, here are some relevant information, to understanding integrally the highly volatile current and developing state of affairs, in the intertwined context of the following:

• Auroville as the City of Dawn, the cradle of the transitional beings
• But to live in Auroville, one must be a willing servitor of the Divine Consciousness
• The first two of the Triple Transformation of Integral Yoga, i.e. realising the Psychic and the Spirit
• The current tsunami-like wave after wave hammerings of the gods as painful catalysts for the human ego to question itself, and then be abolished and replaced by the realisation of the divine” I” or individuality, through receptivity and surrender to the Divine, as preparation for the third of the Triple Transformation: Supramentalisation
• Sri Aurobindo’s 150th birth anniversary as not just a one-off national celebratory event, but a massive and continuous central government campaign for the nation to acknowledge Sri Aurobindo and the Mother as one of the prime symbolic personifications of integral excellence in living, in preparation for The Rebirth of India as the Guru of the World (see The Rebirth of Mother India and Her Children)
• Auroville as Mother India’s living example to the world showcasing the Vision and Work of its founders Sri Aurobindo and the Mother

As a potent reminder that we have chosen to participate in the Auroville of Sri Aurobindo and the Mother:

“Sri Aurobindo: In this yoga you have to go on working out again and again the same thing. Thus it becomes a long drawn out struggle, one falls and rises, again falls. Take for instance, Nirvana, quietude and samata. I had to go on establishing them again and again till when I had done it in the subconscient this accident came. It can be a test.

Disciple: What made the attack possible?
Sri Aurobindo: There were gaps in the physical.
Disciple: Can one take this as a part of Lila or game?
Sri Aurobindo: Well, it is the ignorance and the Divine is working out from there. If that was not so, what is the meaning of the life?

Everything looked all right and it appeared as if I was going on well with the work, then the accident came. It indicated that it is when the subconscient is changed that the power of Truth can be embodied; then it can be spread in wave after wave in humanity.”

The above excerpt is from 08.01.1939. Evening Talks with Sri Aurobindo. AB Purani, especially recommended to be read in full.

08.01.1939 to 29.02.1956 to 28.02.1968 to the unfolding present (08-09.05.2022 as this was written to signify the importance of dates in understanding the chronology of progressively unfolding or evolving events with the shared Vision and Work towards the Divine Manifestation, and a Life Divine for all)

Here’s a very important warning, guiding reminder and potent instructions from the Mother through Alok ji, for” those for whom the supramental life is not a vain dream, those who have faith in its reality and the aspiration to realise it... those who have as a link between them the knowledge Sri Aurobindo has given and the will to live according to that knowledge”:

AUROVILLE INTERNATIONAL UNIT AND ACTIVITY REGISTRATION FOR DONATION?

Auroville is a place of human unity and equal opportunities. Should it not extend to all the units in Auroville by the AVIs without favor and favoritism?

As we know there are many units doing work and service in similar areas of work. Should there not be an opportunity given for a wider spectrum of people and not be based on favored relationships. Preference should not be given to existing Donee units’ new activities, but support new initiatives and provide a light of hope.

Shouldn’t there be a selection process where units can make a presentation about their work, its outcomes and the changes brought about in the social and economic well-being of the community? Also have a registration form on their website or offline which units can fill up sharing all their details.

Should not a decision be made on the basis of intent, action and spirit of the work? Also to ensure the future of our work and service, should there not be a category created for” Startups” by Aurovilian youth?

A process should be transparent and fair. But it doesn’t seem to be so. Given that registering Donee units and activities on a rotation basis would allow more units and activities to benefit for your esteemed services especially the smaller ones. Thereby giving space to units and activities which are still not standing on their own and need funds as support to stabilize itself.

Regards,
Surajkiran

BO TREE

After the tragic days of the 4th through the 10th of December last year, some parts of Auroville are similar to the painting of hell according to the Dutch artist Hieronymus Bosch or Jerom Van Aeken (1450-1516). What kind of trees were killed and how many? What about Banyans and Bo-trees?

Sri Aurobindo wrote in the poem” A Dream of Surreal Science” about meditating almost nude under Bo tree, saw the Eternal Light!”. The world knows very much about this famous person who meditated under Bo tree. He was Prince Siddhartha Gautama after meditating under the Bo tree He became Buddha ( the enlightened one) and lived about 563-483 BC. He created Buddhism with the keyword” compassion”.

I was lucky to visit the Bodhgaya in Bihar state where Prince Siddhartha became Buddha. His Bo tree is safe, Auroville’s bulldozers did not kill it. Many Buddhist monasteries appeared around this tree. It is a sacred place and Bo tree is sacred too, of course. Its botanical name is Ficus religiosa. Bo tree and Banyan are relatives, the scientific name of Banyan is Ficus benghalensis. Banyan and Bo trees can be giants and have long life if bulldozers don’t kill them. The great Banyan, in Calcutta botanical garden, has 1000 trunks, the canopy covers 4 acres, and a walk around the tree is about 400 metres. It was special to have grown from seeds dropped by birds in the crown of a date palm in 1782. Therefore it is 240 years old. A Bo tree in Sri Lanka has aged more than 2200 years. Both Banyan and Bo trees are epiphytic when young, they started to live on other trees, sometimes on buildings. But Bo trees don’t have aerial roots.

Banyan have big leaves, they are tough, leaves of Bo tree are small, soft, they have the form of a heart.

In India there are about 30 different kinds of ficuses. Every ficus has a special kind of tiny wasp which pollinates the tree. They live in symbiosis, giant trees and tiny wasps. And ficuses need birds which eat fruits (figs) and distribute the seeds of trees.

From 1644 to 1694 in Japan, Bashô lived, master in zen seeds of trees.

Language Courses in May!
New: French with Jean-François Claude
We have exciting news for French Learners!

After waiting more than two years to be able to come to Auroville, language-enthusiast & training expert, Jean-François Claude is finally here, with his wife, Sylvie. He will be a long-term volunteer with us for a whole year! Jean-François is immensely excited to interact with all the different cultures of Auroville while helping students & learners access the French language and culture. Mother gives a special place to French, alongside Tamil, simplified Sanskrit, and English as the four main languages of Auroville. In a 1966 note, she wrote: “The working language in the Auroville office will be French, and those who do not know French must learn it.” Here’s a perfect opportunity to learn this beautiful language!

Starting mid-May, Jean-François will offer group courses at all levels, supplementing our ongoing courses with Julien. He is happy to provide private classes as well as ten-to-twenty-day intensives. We’ll probably run several batches so that students can progress from one level to the other through the year. For the intermediate and advanced students, Jean-François is very happy to offer courses in French literature, in addition to Conversational French. Enquire now! Give us an idea of your timings so we can try to accommodate everyone.

New: English Conversation with Ramesh
Our long-term volunteer, Ramesh, is ready to take your English-speaking skills to a new level. Yoga trainer, YouTuber, and Excel expert, Ramesh brings a range of experiences to his classes. Starting mid-May, he will offer English Conversation Classes for students who already know a bit of English. He is happy to provide private classes as well as ten-to-twenty-day intensives. We’ll probably run several batches so that students can progress from one level to the other through the year. For the intermediate and advanced students, Jean-François is very happy to offer courses in French literature, in addition to Conversational French. Enquire now! Give us an idea of your timings so we can try to accommodate everyone.

French with Julien
Julien’s two courses are continuing from last month:
- Beginner French: Mondays & Thursdays, 9:30 to 10:30am. Enquire now to join!
- Elementary French: Mondays & Thursdays, 2 to 3pm (For students with basic knowledge of the language), from 11 April, for 3 months

In case you would like to join either of these courses, send us a query, and depending on your level, we will try to accommodate you!

Spanish Conversation with Mila
There is still space for more students in Spanish Conversation Classes (Intermediate) with Mila! This course began on 19th April 2022 and is for students who already know a bit of Spanish and would like to hone their conversational skills. Join now!

- Classes take place Tuesdays & Fridays from 3:45 to 5pm, for 2 months.

Beginner Hindi with Vatsla
- This course is now closed to new students.
**Italian Elementary Level with Davide**

Davide’s Italian Course commenced on 1 April 2022. You are still welcome to join the course in case you know a bit of Italian and would like to hone your language skills. You will be provided with all the support and material from Davide to catch up!

- Classes take place Wednesdays & Fridays, 4pm to 5pm, for 3 months.

**Tamil Written & Spoken with Murugesan**

Our teacher, Murugesan is ready to start a new Beginner Written & Spoken Tamil Course, as soon as we have a minimum of 4-5 students

- Classes will take place Tuesdays & Thursdays, 4 to 5pm, for 3 months.

**If you are interested:**

Please fill out our form to join or inquire about any language classes at the Lab! You can drop us an email to info@aurovillelanguagelab.org, or call us at 2623661

- Please Note Registration (correct contact details on our database, plus payment/contribution) is important when joining a course with us. Please see our team member at the front desk to ensure this is complete before joining a course, thank you!

**Friday 20 May: What is Ecotourism?**

2010 / 51 minutes / PlanetDoc

A place on the edge of the abyss is reborn from its ashes with new and different versions. Ecotourism is the place where a hope resides that will determine great things in the future. All for the resistance struggle of the species that creates the most conflicts: ours, human beings. For this reason, this version 2.0 of tourism is in which new travelers want to reconnect and reconnect with nature.

HASEEN DILLRUBA (Beautiful beloved)

India, 2021, Dir. Vinil Mathew w/ Taapsee Pannu, Vikrant Massey, Harshvardhan Rane, and others, Mystery-Crime, 135mins, Hindi w/ English subtitles, Rated: R

When Rishabh aka Rishu is killed in an explosion in his own house the investigating cops think it is a murder, and the prime suspect is his wife, Rani. Rishu was a simple guy with a stable job and was eager to get married. He was introduced to Rani, a high-spirited extroverted woman, who wanted to live life to the fullest. Apart from their very different personalities, which made them somewhat a stranger to each other, post marriage Rani also had to deal with a dominating mother-in-law. However, things change when Rishu’s cousin Neil, with a personality to match Rani’s, comes to stay. And then what happens? Keep guessing and see if your guesses match the story line!

Potpourri – Tuesday 17 May, 8:00pm:
IN HER SHOES

USA, 2005, Dir. Curtis Hanson w/ Toni Collette, Cameron Diaz, Shirley MacLaine, and others, Comedy-Drama, 130 mins, English w/ English subtitles, Rated: PG-13

Irresponsible party girl Maggie is kicked out of her father’s and stepmother’s home where she lives for free. Maggie’s hard-working sister Rose breaks off relations with her over an indiscretion involving Rose’s boyfriend. But when their grandmother, who they never knew existed, comes into their lives, the sisters face some complicated truths.

Interesting – Wednesday 18 May, 8:00pm:
LUCY AND DESI

USA, 2022, Dir. Amy Poehler w/ Lucie Arnaz, Bette Midler, Carol Burnett, and others, Documentary-Biography, 93mins, English-Spanish w/ English subtitles, Rated: NR (PG)

This film will explore the rise of comedian icon Lucille Ball, her relationship with Desi Arnaz, and how their ground-breaking sitcom I Love Lucy forever changed Hollywood, cementing her legacy long after her death in 1989.

IMPORTANT INFORMATION ABOUT NEWS & NOTES
Hard deadline for submissions or cancellations: Tuesday 3pm
The content of News & Notes is a reflection of the growth process of this community towards its ideals of harmony, goodwill, discipline and truth. Editing of submissions, mainly for reasons of space and clarity, is done according to an established policy.

How to submit material:
- Max size of the published poster is 9cm x 9cm independently of the size you sent. The bigger posters will be reduced.
- Please AVOID CAPS letters
- Material (no pdf files, please) may be sent in English only to newsandnotes@auroville.org.in.
- Articles for the Notes section should ideally be no longer than 500 words.
- Please do not send submissions and inquiries as a “Reply” to the digital subscription mail. There is no guarantee that anyone will see communications sent this way.
- Please try your best to send your announcements, reports, film schedules whenever they are ready. Any modifications of submitted News items must be sent to the editors before Tuesday 3pm.
- We regret not being able to attend to visitors on Tuesdays, Wednesdays & Thurs AM due to work pressure.

Visiting hours: call or email for appointment.

Disclaimer: The views expressed on these pages are those of their respective authors or work groups and do not represent the position of the editors or of the community as a whole. The News & Notes serves as a channel for the publication of material coming from trusted sources within Auroville. The editors cannot be held accountable for any alleged misinformation given or offence caused. In case of any dispute, the Auroville Council may be consulted and publishing of disputed material suspended.
